MANY WAIT UNTIL THE LAST MOMENT

Several Candidates File Declara-
tions Late Saturday, Just Before
Time Limit Expires

LONG LIST OF ASPIRANTS

Each Has Ten Days to Withdraw
Name and After Tenth Day Bal-
lots Will be Printed

With the primary election for city
offices to be held in less than one
month, May 5, the time for filing
declarations for offices has closed,
and plenty of opposition is offered
in both political ranks, for almost
every city office.

Several candidates waited until
the last minute to file their inten-
tions. Each candidate who has filed
has ten days in which to withdraw
his name, by applying to Earl Os-
born, city clerk, and after the tenth
day, then the ballots are ordered
printed. One democratic aspirant,
who had previously filed for coun-
cilman, was among the first to
withdraw from the race this morn-
ing.

The councilman race, especially
in the republican primary for
councilman-at-large, is unusually
crowded, as six filed for the nomi-
nation, and only two of the six can
be nominated.

The office of city clerk on the
republican ballot will contain four
candidates, and two for the same
office on the democratic ticket.
Ward councilmen also have op-
position in almost every instance on
each ticket. Two also are seeking
the republican nomination for city
treasurer and each political party
has two in the race for mayor.

The complete list of those filed
for the various offices, and who will
be voted upon unless withdrawals
are made, are as follows:

FOR MAYOR

Republican

Clara L. Bobert, 210 East Seventh

Albert C. Stevens, 402 North Mor-

GRAND JURY TO FINISH UP SESSION THIS WEEK

Will be Called, Probably Wednes-
day, to Conclude Investigation.
Prosecutor Announces

WILL THEN MAKE A REPORT

The grand jury will be in session
probably Wednesday, to finish up
their work for the present term of
court, according to Gates Ketchum,
prosecuting attorney. The session
will be called Wednesday, if satis-
factory to the six members of the
grand jury, he said.

Several witnesses will be used to
close up the investigations, and
then a report will be made to Judge
Sparks, who was able to be at his
office in the court house for a short
time this morning.

Among the new business in court,
are three minor suits filed this
morning, all being complaints on
notes. Theo. R. Reed is plaintiff in
one action against Ellis Culbertson,
the demand being for \$250 judg-
ment on a note.

Charles H. Tompkins is plaintiff
against Charles M. Miller, the de-
mand on this action being for \$125
on a note. Albert L. Allen is plain-
tiff against Sam Young, the suit be-
ing to foreclose a chattel mortgage
involving livestock, and with the
demand for judgment being \$85.

CONTRACTS FOR BRIDGE AND ROAD ARE AWARDED

Commissioners Open Bids This Af-
ternoon on Truck and Supplies
For County Infirmary

SHELHORN ROAD TO BE BUILT

The county commissioners award-
ed a bridge and road contract at
their regular monthly session this
morning, and this afternoon opened
bids on a truck for the county high-
way department and supplies for
the county infirmary.

The Fred Shelhorn road contract
went to Avery and Weintraut of
Waldron, Shelby county, for \$9,730,
the low bidder, and the contract to
construct the Bert Benner bridge in
Center township was awarded to E-
lijah Williams of this city for \$671.

The Shelhorn road in Anderson
township is to be constructed of ma-
cadam. It was passed in the elec-
tion last fall, a vote on the project
being necessary because the town-
ship had exceeded its bonded in-
debtedness limit.

Other bids on the road were:
Winslow and Hooten \$10,790 for
local material and \$12,680 for ship-
ped material; McCracken and Bird,
\$13,693; McNeilly Brothers, \$9,880;
D. H. Fatout, \$11,654 for local ma-
terial and \$12,500 for shipped ma-
terial; Lawrence and Ennis, \$10,
747.50 for local material and \$13,
500 for shipped; Conner, Bearly and
Jinks, \$12,500.

Bids on the bridge were: J. S.
Black, \$874.75; H. C. Garlan, \$873;
W. C. Bishop, \$730; A. R. Herkless,
\$999.

HIRAM KRAMER IS 'STRUCK BY AUTO'

Front Wheel of Car Driven by Alex
Pollitt Passes Over His Body, But
His Recovery is Expected

ACCIDENT SATURDAY NIGHT

Victim, a Farmer Living South of
City, Suffers Broken Rib and
Several Severe Bruises

Hiram Kramer, age 55, a farmer
living on the Wilk and Redman farm
southwest of Rushville, was injured
Saturday night, when struck by an
automobile that passed over his ab-
domen when he stepped in front of
the car driven by Alex Pollitt, living
northeast of Arlington.

The accident happened in Main
street, north of Second a short dis-
tance. Mr. Kramer stepped between
two machines that were parked on
the street by the Rushville National
bank, and in stepping out into the
street, he was in the direct path of
the machine coming north, and driven
by Pollitt.

Mr. Pollitt was driving slowly,
having made the turn from Second
street, and in his attempt to stop,
his foot touched the accelerator in-
stead of the brake, and the machine
plunged forward. Mr. Kramer was
knocked to the pavement, and the
front wheel of the machine passed
over his abdomen. He was taken to
the Dr. Green hospital, where his in-
juries were treated. It was disclosed
that a rib was broken on the left
side, his right shoulder was badly
bruised, and the right side of his

LOCAL SCHOOL MEN ATTEND

E. B. Butler and Dean Walker Back
From Educational Conference

E. B. Butler, principal of the
Rushville high school, and Dean
Walker, instructor in history, have
returned from Columbus, Ohio,
where they attended the fifth an-
nual session of the Ohio state educa-
tional conference held at Ohio State
university the last three days of last
week.

The keynote of the conference
was "Democracy in education." There
was a general program covering
the three day session and de-
partmental meetings dealing with
various phases of high school and
grade instruction, including physical
education and the work of school
executives.

MANILLA CHOSEN FOR NEXT MEETING

First Annual Rush County Young
People's Conference Closes With
Banquet Saturday Night

E. T. ALBERTSON SPEAKER

Officers for Coming Year Elected at
Closing Session—State Workers
Discuss Topics

Manilla was the place chosen to
hold the second Rush county young
people's conference, at the closing
session of the first conference held
at the First Baptist church in this
city Saturday afternoon. The of-
ficers for the ensuing year will be
Miss Gertrude McCorkle of Milroy,
president; Edith Claire Walden of
this city, vice president; and Floyd
Ellison of Walker township, secre-
tary-treasurer.

The first conference of the young
people closed Saturday evening with
a banquet at the Odd Fellows Tem-
ple in this city, covers being laid
for eighty young people. The dinner
was prepared and served by mem-
bers of the Rebekah lodge. E. T.
Albertson, general secretary of the
Indiana Council of Religious Edu-
cation gave a short talk after the
banquet on "The Need of a Clean
Life."

The Saturday morning session
was presided over by Miss Pauline
Johnson of Milroy, and opened with
the worship period in charge of
Miss Belva Bever. Wayne Whittaker
offered prayer and Rev. R. W.
Sage, pastor of the First Baptist
church, delivered a sermon on "The
Call to Service," stressing the
theme of the conference "Training
for Service."

In his talk, his text being taken
from Isaiah, sixth chapter the Rev.
R. W. Sage stated that there were
three requisites to the call to ser-
vice—first, Vision of God's plan;
second, unquestionable faith; and
third, deep consecration. He de-
scribed the life of Isaiah and ap-

Proposes Fund To Help Rebuild N. Conde's House

Harry G. Francis Starts It With
Personal Gift of \$100 and Similar
Amount From Chas. E. Francis
Co. Support of Fund to Help Af-
flicted and Unfortunate Man Ex-
pected to be Forthcoming.

Harry G. Francis	\$100.00
Chas. E. Francis Co	100.00

Total	\$210.00

A proposal to raise a fund of
\$2,000 to help Norm Conde rebuild
his home, which was completely de-
stroyed by fire last Friday, north-
west of Rushville, was made today
by Harry G. Francis and he started
the fund with a personal gift of \$100
and one from the Chas. E. Francis
company for a similar amount.

In a letter to the Daily Republi-
can, Mr. Francis requests the Re-
publican to accept contributions to
the fund, which the Republican will
do, and deposit it at the American
National bank, as his letter sug-
gests, as a checking fund to be
used to rebuild and refurnish a
small comfortable house.

The letter received by the Daily
Republican is as follows:

"I happened to be passing near
Norm Conde's Friday while his
house was burning. The house and
almost everything in it were com-
pletely burned, as the fire had gained
such headway before the arrival
of the Rushville fire truck that prac-
tically all the firemen could do was
to watch it burn. In this way the
life's savings of this unfortunate
and afflicted, but industrious man
were wiped out in a few minutes
time."

"Mr. Conde told me he had
worked the best he could in his
crippled condition for 29 years to
try to have a home for his aged
mother and his wife and himself,
and to try to get a little money a-
head and now his whole life's sav-
ings were swept away and nothing
left to look forward to but \$1,000
insurance, and he was completely
overcome with despair at the
thought of his future."

"It is surely a pathetic case and
deserving of assistance from every-
body in the community."

"I respectfully request the Daily
Republican in its generous assist-
ance of every worthy motive, publish
this letter and accept subscriptions
to a fund, which I think should be
not less than \$2,000.00, to be de-
posited in the American National

FILES MOTION TO STOP PROSECUTION

D. C. Stephenson's Attorney Seeks
to Have Indictments for Assault
and Kidnapping Dismissed

ALLEGATIONS OF PLEA

Abatement Proceedings Alleges
Charges are Based on Mere Hear-
say Gossip and Rumor

(By United Press)

Indianapolis Ind., April 6—A mo-
tion in abatement on indictment
against D. C. Stephenson, former
grand dragon of the Ku Klux Klan
of Indiana, was made by Eph In-
man, his attorney, when Stephenson
appeared in criminal court for ar-
raignment on charges of kidnapping
and assaulting Miss Madge Ober-
holzer.

The motion declared the grand
jury was not properly drawn and
that it was prejudiced and biased
against the defendant.

The grand jury had no witnesses
before it who would give informa-
tion based on personal knowledge,
it ascertained, adding that the in-
dictment was returned solely on il-
legal, incompetent and mere hearsay
gossip and rumor.

Such testimony, Inman asserted,
is not admissible under the law.

The motion also declared the
grand jury did not take the direct
testimony of Miss Madge Oberhol-
zer, victim of the alleged attack.

Judge Collins declared that the
motion in abatement be turned over
to Prosecutor Remy, in order that
Remy might indicate what steps he
intends to take.

Judge Collins said it probably
would be impossible to rule on the
plea in abatement before next Sat-
urday, thus ending the case for to-
day.

During his appearance in court,
Stephenson looked nervous. His
face lacked the usual ruddy color.
He glanced furtively at a group of
prisoners who was brought into
court in handcuffs.

There probably was no change to-
day in the condition of Miss Madge

today in a solemn session of
congress addressed by Presi-

RESIDENCE, CONTENTS ARE DAMAGED BY FIRE

Home of Mr. and Mrs. John Mabra.
Colored, Enveloped in Flames
When Discovered

CONTENTS NOT INSURED

The residence of Mr. and Mrs.
John Mabra, colored people, living
at 419 East Eighth street, was badly
damaged by fire this morning shortly
before eight o'clock, when the roof
was enveloped in flames before it
was discovered. The loss was esti-
mated at \$500.

The dwelling is owned by Henry
Ramey, living east of Rushville, who
carried insurance, but the contents
were not insured, and the Mabra
family lost clothing and other house-
hold furnishings in the upstairs
rooms. The flue is believed to have
been defective, and the entire attic
portion was ablaze beneath the
shingles.

Mrs. Mabra, who is bedfast with
an illness, was removed from the
burning home. Her husband is the
well known blind man. The blaze
presented a pitiful sight because of
the conditions surrounding the fam-
ily.

The alarm was turned in from
box 32, Cherry and Eighth streets,
and firemen used a line of hose
from a hydrant, and also a smaller
line from the booster pump, with the
water doing considerable damage to
the interior. The blaze was confined
to the one residence, although it was
situated closely to other homes.

SPEAKS AT LEGION SERIES

Thomas McConnell, State Comman-
der, Reviews Work Being Done
by Ex-SERVICE Men in Indiana

Urging it as the duty of every
American citizen to carry forward,
preserve and protect, uplift and
cherish the fundamentals of our
American government, as handed
down by the forefathers, Governor
Ed Jackson addressed a large au-
dience on the subject, "Citizenship
Soldiers", Sunday afternoon.

The address was the second of a
series sponsored by Rush Post 150,
American Legion, and his topic car-
ried home to his listeners a mes-
sage of great appeal, delivered in a
manner that fastened its grip upon
their hearts and souls, and showed
the importance of everyday citizen
soldiers.

Music for the occasion was pro-
vided by the Homer Cole orchestra.
Invocation and benediction were
pronounced by the Rev. W. H. Har-
gett. Gov. Jackson was introduced
by Robert E. Mansfield, and John
H. Kiplinger introduced Thomas
McConnell of Fowler, Ind., who is
state commander of the American
Legion, and who was a special
guest at the meeting.

EDUCATION BOARD CONVENES

To Consider Commencement Dates
and Speakers at Monthly Session

The county board of education
was in session this afternoon and
among the matters to be taken up,
were definite decisions concerning
the commencement dates and grad-
uation week program for the town-
ship high schools. Most of the dates
have previously been fixed, but the
speakers were in doubt for some of
them, and an effort was to be made
this afternoon to have the complete
programs ready for the schools.

Among other things to be taken
up, was the annual field day and
track meet exercises which will be
held Saturday of this week at Mos-
cow. It is expected that all high
schools in the county will have con-
testants in the various events, and
Rushville high school has been in-
vited to participate.

SPECIAL SERVICES IN TWO CHURCHES

Pre-Easter Meetings Get Under
Way as Evangelistic Campaign
Closes at St. Paul's Church

\$666.66 FOR T. E. THOMAS

The Rev. Eldon K. VanWinkle
Opens Evangelistic Meetings at
Christian Church

Coincident with the closing of an
evangelistic campaign at St. Paul's
Methodist Episcopal church Sun-
day, pre-Easter services got under
way at the Main Street Christian
church and the First Presbyterian
church, with the Rev. Eldon K.
VanWinkle of Pittsburg, a former
Rushville boy, in charge at the for-
mer church.

The congregation of St. Paul's
church contributed \$666.66 Sunday
to recompense the Rev. T. Eddie
Thomas of Muncie for his services
in the three weeks' meetings. His
expenses during his stay here were
paid in addition. The sum raised is
a mystic number in the Book of
Revelations, it is stated.

In his farewell service Sunday
night, the evangelist was generous
in his praise of all the agencies that
had helped make the revival a suc-
cess. A number went forward last
night, but the exact number joining
church during the series of meet-
ings was not announced.

Activities in all the churches, be-
ginning Sunday, will center until
Easter around the events in the
life of Christ leading up to his
death. "His Last Week" will be the
subject of study each night at the
First Presbyterian church, under
the direction of the pastor.

Easter Sunday will mark Decis-
ion Day for the Main Street Chris-
tian church, culminating an eight-
day pre-Easter evangelistic meet-
ing opening Sunday. Special sunrise
meetings at 6:30 Sunday morning
will feature the opening of the day's
services and everybody is invited to
attend in the spirit of prayer in
memory of the resurrection morn-
ing. The program is being arranged by
the Circle girls.

Greatly increased attendance is
expected at the Bible school at 9:30
when a special Easter program will
be given. Two sermons will be de-
livered by the Rev. Mr. VanWinkle
and an opportunity will be given at
every service to confess Christ and
become a member of the church.

The Rev. Mr. VanWinkle was
heartily greeted in two great ser-
vices Sunday. The topic of his ser-
mon tonight will be "The Associa-
tion of The Holy Spirit With The
Church in Evangelism." George C.

GYMNASIUM FUND IS STILL ABOUT \$2,000 SHORT

Committee is Anxious to Reach Goal
of \$25,000 so That Plans Can go
Forward

CONTRACTORS TO BE BUSY

The goal for the new Rushville
high school gymnasium is still short
about \$2,000, it was announced to-
day and a last minute effort will be
necessary on the part of those who
have not been solicited to sign up for
a loan in order to put the proposi-
tion across at once.

On account of the busy building
season that is ahead of contractors
for the summer, it may result in a
delay in having the gymnasium er-
rected, unless something definite is
done within a short time. Most of the
contractors in Rushville are getting
busy on jobs, and the committee in
charge of the gymnasium proposi-
tion is anxious to have the matter
decided definitely within a few days.

The fund of \$23,000, as pledged so
far, is not sufficient to guarantee
the building of a \$20,000 gymnasium
as planned, and it will be necessary
to raise the additional quota of \$2,
000 before any definite action can
result.

Many persons are holding out
with their pledges, and they are
urged to report at once, so that a
check can be obtained, and the mat-
ter disposed of, either favorably or
unfavorably.

SHOWS WORTH OF CITIZEN SOLDIER

Continued from Page One

the importance of the Legion organization, and urged the assistance of the general public in keeping alive the spirit of the order. He showed the peace time purposes of the Legion, by reviewing the excellent work in recent disasters where the Legion had stepped in with assistance.

The Sullivan mine disaster, the Princeton and southwestern Indiana tornado relief work were examples of the peace time work that appeals to the Legion, he pointed out. In one community in northern Indiana, he said the Legion had built a library, and that many similar things were a part of their program. He urged the cooperation of the public with the Legion forces in all of their undertakings, stating that success depended upon cooperation.

Gov. Jackson in his address paid a tribute to the world war veterans for their service performed, and he also said that this service could not have been performed without the service of those at home, and in a glowing tribute he paid honor to those who stayed at home, and kept up the business so that those who had gone out in defense of the country, could be successful in their venture.

The speaker recalled hearing Eddie Guest, a nationally known poet, on one occasion during the recent war. The piece had to do with the home, and it ended with "it takes a heap of living in a house, to make a home."

In commenting the saying, Gov. Jackson remarked, "How true it is that it takes a heap of living in a house, to make a home. It is not all houses that can be called a home, in its truest sense. We gaze with marvel and wonderment upon a fine house, with beautiful architectural designs and expensive surroundings. We go upon the inside and see the fine coverings laid upon the floor, the draperies, and wonderful paintings on the wall. But all of these things do not constitute a home. It takes a heap of living—the living of real lives—to make that house a home."

"Then we turn our gaze upon a modest cottage—nothing to challenge our admiration for architectural designs here. We compare the interior furnishings. Simple things meet our eyes, with no expensive array such as seen in the other house. Perhaps on the wall in one room, you will see a picture of the lowly Nazarene, or perhaps the Madonna with the infant Christ. In another room there may be pictures placed there by some mother whose heart cherishes the memory of her own child—small and simple portraits—untouched by an artist's hands. Then perhaps in another room you would see the portrait of soldiers, young men, probably sons who had gone forth at the appeal of their country. Those who had gone from this household, and left behind their pictures that will remain forever a fixture on the wall.

"This is a Real Home," said Gov. Jackson. "Why? Because of the elements that you see within the house that have brought to bear by those living there. That little house, shows us clearly that it takes a heap of living in a house to make a home."

Gov. Jackson stated that the same thing is true of a country. That it takes a heap of living in a land, to make it a real nation. America is a real nation, he said, because of the tests that it had been put through. The preparedness during the World War, showed America, he said, to be the best of all countries. The spiritual preparedness was the principal thing most

between America and Germany, with the latter holding as their spiritual belief, "might makes right" while that of America goes back to the foundation of the nation.

"Just turn back the pages of history," he said, "when Washington, the leader of the great army, standing guard over his soldiers one night, in freezing weather, with odds against the men and their cause, and you see that commander kneeling on the frozen ground, meeting Christ in prayer, and asking for his guidance.

"Then we hurry along through the pages of that history and we see another great crisis as to whether the country should be divided or united, and here too we see another great president and leader in the White House, seeking guidance from the same leader as Washington had done at Valley Forge.

"Then in the Spanish American war, we find as the commander of our army and navy, another president, seeking the same God whose aid had been invoked for this country in other times of grief. And when another great war came, we had a great man in the White House, and he too, talked to the

same God and appealed that the boys of America be sustained in their cause, and that old glory be guided through unstained and untarnished."

Gov. Jackson stated that those were the reasons why America was the best prepared country spiritually, and was directly contrasted to the German teaching "Might makes Right."

The speaker then urged that the American Legion carry on this message through the generations to come, such as the rapidly diminishing survivors of the Grand Army of the Republic have done. He urged the support of the Legion, because it was soon to take the place of the G. A. R. organization, as the members were "falling" by life's wayside in vast numbers.

Peace time training, not military ideals, but mental, physical and spiritual things, were urged for the citizens, as well as former soldiers, by the speaker. Patriotism should not die out during peace time, but it should be carried on by citizens whose duty it is, and whose obligation it is, he said, to keep their pledge and faith with the forefathers of this country.

Gov. Jackson paid a glowing and impressive tribute to the flag, show-

ing the purpose of each unit in the color scheme and concluding with the stars said, "like the star of the east that guided the wise men to Him, the stars of the American flag have illuminated the pathway throughout American history, and guided successfully the heroes who followed it."

In closing, Gov. Jackson called upon the citizens to be soldiers all of the time and carry on, preserve and protect those things left here by the forefathers, and to improve them if possible, remembering all of the time to uplift America, and keep sacred the things that are sacred, and follow the guidance of One that has been followed since the nation was founded.

plied it to the people of today. He gave three elements to a successful life today—good home, right sort of educational training that schools are able to give, and the vision of God.

Miss Gladys Cosand of Richmond gave a talk to the girls in the afternoon. She spoke mainly on the church and its purpose. She stated

that the church must justify its existence now and the plan of the church is three fold, missionary, setting of moral standard and saving of souls. She also gave a talk on "How to Conduct a Model Worship Service." Wayne Whittaker of DePauw spoke to the boys and Mr. Albertson addressed the adults on "Why Young People Do Not Attend Church."

After the group meetings, Miss Farmer discussed the organization of the county for young people's work. The organization is composed of the county young people's superintendant; president, vice president and secretary-treasurer. Every church in the county is to be represented by one young man, one young woman, and one adult. The townships may have the same organization as the county, providing there are too many churches in the township. Wayne Whittaker of Greencastle, gave a discussion on "Organized Classes," and gave a report on the Geneva Camp at Lake Geneva.

The convention closed with the business session and the choosing of the next conference town, which was held after the program in the afternoon. The banquet at night, was a fitting climax to the success-

ful conference, and it was preceded by a short social hour during which stunts were given by the different churches represented at the meeting.

SPECIAL SERVICES IN TWO CHURCHES

Continued from Page One

Wyatt has been made the chairman of the local campaign and the song service and the arrangement of gospel team work has been assigned to Homer Cole.

The Rev. Mr. VanWinkle was a convert in the old Christian church in West Second street and was graduated from the Rushville high school in 1888. He has been for nearly five years located as pastor of the Homestead, Pa., Christian church. During the past year he was president of the Pittsburg Ministerial Association of Disciples.

First United Presbyterian

The text for the evening sermon at the First United Presbyterian church Sunday was taken from Matthew 7:21, "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father, who is in heaven." The pastor said in part:

"From this verse it is evident that mere profession of loyalty to Jesus

FOR DEFENSE

Earl P. Clark, former salesman for Dr. Charles C. Faiman, indicted with William Shepherd for the death of William McClintock, Chicago's "millionaire orphan," will be used by the defense to impeach the doctor's confession if he is permitted to testify.

Christ cannot save. We are compelled to judge people by their own profession and it is often desirable to be well thought of. So this tendency is prevalent to cultivate the good opinion of others by a profession of piety. We may deceive others and ourselves; but Jesus says, 'Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven.'

"Habits of prayer do not prove discipleship, nor professions of love for Jesus Christ, nor even feeling. One may have doubts and fears and still be truly religious. One may have confidence and full assurance and lack the one thing needful. Jesus said those only that do the will of the Father in Heaven shall enter there."

"We naturally inquire why there is a failure on the part of any one to enter into the kingdom. Many reasons might be assigned. One is the sort of gate that stands at the entrance to the way of life. It is a straightened gate. Repentance is required and restitution, or the righting of wrongs done so far as is possible and a childlike spirit—teachable, trustful and humble."

"The character of the way is a straight and steep and fenced by the guiding principles of the decalogue. And many feel themselves too broad to walk in the narrow way. Also the rival gate is attractive. It is wide and leads into the broad road, traveled by the many and the grade is descending. False teachers, more-over, wolves in sheep's clothing, slur over sin, and ignore the cross, and speak nothing of the necessity for self denial. Then the desire for ease and sinful indulgences prevent many from entering the kingdom of Heaven. 'If the righteous scarcely be saved, where shall the sinner and the ungodly appear?'"

First Presbyterian

The Rev. Gibson Wilson, continuing the Easter sermon series, spoke Sunday morning on "The Resurrection Credible," taking for his text, Acts 26:8, "Why is it judged incredible with you if God doth raise the dead." He said in part:

"Some think it impossible, after the body has returned to dust, to collect again all the scattered particles and bring them together again, in one body. But you must remember that the body is constantly changing and you are all the time getting a new body. This is the same body you had when you were a child but not the same particles."

Some worry for those lost at sea and their body devoured by fish. But it isn't the physical particles at death that are raised up. The resurrection has a much deeper meaning than merely the raising of decomposed particles of dust. Sameness may be in a great variety of ways. The body which is raised up is adapted to the conditions in the life beyond this. It is not this body humiliated by sin, abuse, sickness, accident but a body fashioned like unto Christ's glorified body."

"Our text implies that there is no good reason against the resurrection. The doctrine is worthy of belief. Why should it be thought a thing incredible that God should raise the dead? Elijah raised the son of the Shunamite woman. 2K. 4:24. The resurrection was taught by the prophets. Jesus raised the widow's son at Nain. Lazarus was raised up after being dead four days. Jesus himself rose from the dead. The tomb was empty. He was seen by many and there were many proofs of his resurrection."

"The Resurrection is attended by

Prayer Meetings to be Held Tuesday Morning

Mrs. Wilbur Stiers, president of the Ladies Missionary Society, and as chairman of the cottage prayer meetings, has arranged for prayer meetings to be held in four sections of the city each morning from 9:30 o'clock to 10:00 o'clock. The prayer meetings for Tuesday will be as follows:

At Mrs. Homer Cole's home, 219 Beuna Vista Ave., Mrs. Cole, leader.

At Mrs. George Thomas, home, 324 North Perkins, Mrs. Thomas leader.

At Mrs. Will Harton, 810 North Main street, Mrs. Ed Billings, leader.

At Mrs. Guy Mulbarger's home, 917 North Harrison, Mrs. Albert Allen, leader.

Not only members of the Christian church, but of every church, and non-church members, are invited to attend from 9:30 to 10 a. m.

A special set up workers' meeting will be held tonight, after the meeting, with George C. Wyatt, presiding. At this meeting the "Each-One-Win-One," personally and gospel team work, will be formally launched.

Luncheon will be provided on Friday evening at 6:30 p. m. Friday at the church, where the gospel teams and committees will make final reports of the week's campaign and the state of preparedness for the great decision and membership day on Easter.

no great difficulty than the original Creation. Certainly God who gave man his life can continue his future existence.

"The resurrection is the crowning act and proof of the Messiahship of Jesus. Surely God will not leave this great work of his Son without this crown of victory."

"Others who were raised from the dead returned to death again. Not so with Jesus. He is first in preeminence, the most distinguished, Chief, the Head of those that should rise. He rose by his own power and secured dominion over death and the grave. He brought immortality to light. He arose to return to death no more."

"To discredit the resurrection of the body is to judge God by our own limitations. There is no room in heaven for a body of the flesh but there is room for a spiritual body such as Jesus possessed. We must remember that there are bodies terrestrial and bodies celestial. Such a body as is adapted to celestial conditions will be our resurrection body."

St. Paul's Methodist Episcopal

The Rev. Eddie Thomas, the evangelist, closed his meetings at the St. Paul's church Sunday evening. On Sunday morning his theme was "Love." He read from first Corinthians 13, "The greatest thing in the world is love," and he continued in part:

"If you are going to gain Heaven it amounts to something. The big thing in all our lives is eternity. When our love for Jesus Christ comes to a place in our life, when we know all that he did for us, we will want to come to him and be saved. God is love."

"In first Corinthians, thirteenth chapter, 'tho I give my body to be burned, without love it amounteth to nothing.'

His Sunday evening sermon was on the text "you reap what you sow."

"In Matthew, the parable of the sower," the speaker stated, "it says some seed fell by the wayside some on poor soil. It is always the case. We have been sowing and some seed fell in stony hearts, some fell among thorns. You probably expressed a wish before some of your friends and they have laughed at you. Some need to be renewed in the spirit. I admire the man who has grown cold and needs to be warmed over again, who will try again."

"We reap as we have sown and to me the saddest verse in the Bible is John 4:37 and Galatians 6:7, 'If we sow seed of drunkenness we reap drunkards.' We sow cards, we reap gamblers. We need to return to the morality of Jesus Christ."

"The home of the nation is the home, where the family is taught to love God. This text means us. Let us search ourselves and see what our harvest will be."

The evangelist closed with an earnest appeal to the citizens of Rushville to be careful of their sowing. "Already you have seen some of your harvests," he said.

On Saturday night the evangelist took his text from Psalms 137:4, "How shall we sing the Lord's song in a strange land." He told of David's sorrow, how he hanged his harp on a willow and how Israel was in captivity and out of their element.

"Their environment was not conducive to advancement," the Rev.

Mr. Thomas explained. "God intends that all men maintain a correct attitude toward Him; and to be out of harmony with God is to frustrate God's plan for man's happiness."

"The cause of all discouragement,"

all sorrow, all crime, all shame, is summed up in the text, 'How shall we sing the Lord's song in a strange land.'

"God appreciates our efforts in life when our attitude toward Him is changed from a rebellious to a

surrendered attitude. God does not hear the prayer, nor credit our good deeds until our unwillingness becomes submissive and obedience to Him and God's attitude changes when man's attitude toward God changes."

"Only, through faith can we be religious, but when we are religious through faith in God, the will, conscience and faith are beautifully blended and we are born again. And we know that to them who love God all things work together for good."

Political Announcements

FOR COUNCILMAN

We are authorized to announce the name of Elsbury Pea as a candidate for Councilman in the Second Ward, subject to the Republican Primary, Tuesday, May 5th, 1925.

FOR CITY CLERK

We are authorized to announce the name of Louis C. Hmer as a candidate for City Clerk, subject to the Republican Primary, Tuesday, May 5th, 1925.

FOR CITY CLERK

We are authorized to announce the name of Leonard Pate as a candidate for City Clerk, subject to the Republican Primary, Tuesday, May 5th, 1925.

The Primary

Within a month the voters of Rushville will go to the polls and select two sets of candidates who will oppose one another at the city election next fall.

With opposition for practically every office, the field is larger than ever before in a city primary and indicates a lively interest in city affairs.

If the people of the city will take as much interest as the candidates, there is good prospect of the best men winning, for in an election in Rushville, there is no reason for every voter not knowing the qualifications of every candidate and his ability to serve in the office to which he aspires.

In considering men for the council and executive offices, the voters of Rushville should not forget that Rushville has made more advancement in the past year than for the last ten years, and that city officials can be of immense value in the development of the city.

If the mayor and councilmen should happen to be out of sympathy with the movement to make

Rushville grow, they would be a big stumbling block in the program of improvement. They could handicap and discourage those who are working for a bigger and better Rushville in such a way that their efforts would be practically nullified.

This is one of the most important questions in the campaign and should receive careful consideration from every voter.

Rushville voters who are in accord with the effort under way to increase the city's population will make this a measuring stick in the primary campaign, because the attitude of mayor and council are of great importance.

Careless Driving

More than forty percent of the accidents involving motor vehicles in three states during a period of eight months were due to reckless or careless driving.

This fact is gleaned from statistics compiled from newspaper accounts of accidents by the bureau of public roads of the United States department of agriculture.

It is a severe indictment against the drivers of automobiles. The increase in the number of accidents due to thoughtless operation of automobiles means but one thing—that more stringent requirements for drivers of automobiles will have to be enforced.

When it becomes necessary to restrict the operation of motor vehicles and burdensome and expensive examinations are required, the careful driver will suffer equally as much as the reckless and the careless.

Thoughtlessness that jeopardizes the lives of others is inexcusable. Why persons drive automobiles without giving consideration to the rights of others is past understanding.

Their selfishness in refusing to recognize the rules of the road and use good judgment to prevent accidents deserves the severest condemnation.

They may risk their own necks if they wish—that is their business, but it is not their right to increase the hazard of motoring for the careful driver.

Public sentiment will have to outlaw the reckless driver because the toll he takes is entirely too large.

Hunt's Washington Letter

BY HARRY B. HUNT

NEA Service Writer

WASHINGTON—Burial in Arlington National Cemetery has, for a generation, been regarded as the crowning honor to a military life. There, under the guns of Ft. Myer, overlooking the beautiful capital city just across the placid Potomac, sleep the heroes, sung and unsung, of America's battles on land and sea. "The Shrine of America," Arlington has been called. Great and humble alike, those who have fought with gun and sword for American ideals there share equally the care and reverence of the government they served. General, admiral, private and Unknown Soldier rest side by side in those green-clad hills.

But a rival to Arlington as an historic resting place, where the future will look for the great of America, may have appeared in the National Cathedral of Sts. Peter and Paul.

Only a small portion of this immense edifice has as yet been completed. It stands on Mt. St. Albans, the highest spot in the District of Columbia. There, in a crypt under Bethlehem chapel, the body of Woodrow Wilson was placed following his death one year ago.

After the Wilson burial in the National Cathedral, the suggestion was made that here, in this edifice, might be developed the "Westminster Abbey" of America. Now the body of Admiral George Dewey, hero of Manila Bay, has been transferred from Arlington to a crypt provided by his widow under the floor of the cathedral.

Thus begins the development of a new "National Shrine" that seems certain, as the years pass, to lure the feet of an increasing number of patriotic pilgrims visiting in Washington.

NO decision has been made as to the disposition of the Dewey mausoleum in Arlington.

ton; one of the most dignified and impressive sepulchers in the great cemetery. Built on an eminence near the northeast corner of the old Lee estate, it faces almost directly across the river the great Lincoln Memorial, while to the left, across the swelling hills, stands the old Lee homestead, the fighting mast of the battleship Maine and the tomb of the Unknown Soldier.

MUCH has been said of late about the cost of "overhead." "Overhead" is blamed for the high price of everything we eat, wear or use. Materials don't cost so much, we are told, "but it's the overhead."

A striking example of this "overhead expense" is presented in the cost of putting a new aluminum tip on the steeple of the main building at Georgetown university.

The aluminum tip cost \$175.

But the charge of the steeple-jack who put it in place was \$175!

CONGRESS abolished Washington's bathing beach, but gave the capital a first-class fishing pond in its place.

For several years a bathing beach, for white bathers, had been maintained on the tidal basin, in Potomac park. Then the colored citizens of the city demanded a beach where they, too, might disport themselves on hot summer days.

A beach across the basin was suggested and approved and work had actually started when loud protests arose. All sorts of reasons were given as to why the new beach should not be permitted and social and civic pressure was brought to bear on the powers that be.

As an essay way out, Congress, instead of approving the new beach, abolished the old. And now the basin is to be stocked with big mouth bass, bream, crappies and other game fish.

"Run Down?" You Should know--

Chiropractic Health Talk No. 208.
By H. V. McCully, D. C., Ph. C.

That there is a substantial reason for a run-down condition, and that easy relief is to be obtained. The reason lies in an improperly, or incompletely functioning nervous organism, due to interference with the nerves at the spinal column.

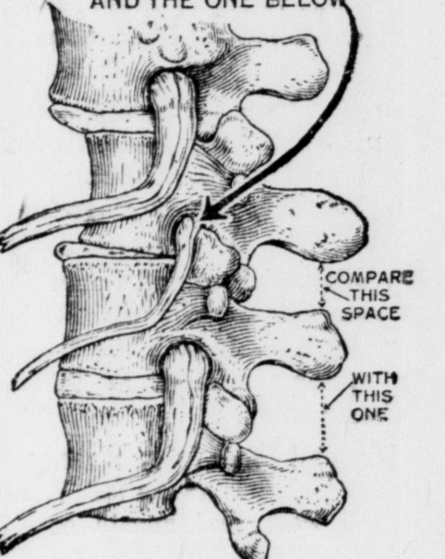

This is due to the fact that the spine, which carries the main trunk line of the nervous system is composed of twenty-four separate and movable bones. Under the stresses and strains of modern life, these bones occasionally move out of normal position.

Then they press upon nerves, and the organs served by such nerves suffer in consequence. The relief lies in our Spinal Adjustments, by means of which these bones are restored to their correct alignment, the pressure released, and cause removed.

Twenty Adjustments Brought Health

"I was nervous, had poor circulation, no endurance and was generally run down. For at least twenty years I had trouble keeping my hands and feet warm. I was surprised to find after twenty adjustments that I could drive in cold weather without gloves. I have more pep, endurance, and am not nervous, as I was. I am convinced from the adjustments received that pinched nerves caused trouble or pain in the organs they lead to, and really think a couple of adjustments each month would keep one full of red blood all the time."—C. Webster Sanborn, Chiropractic Research Bureau, State-ment No. 2096-N.

Wills, Lenglen May Not Meet

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 6—Many new faces were found in the championship gallery at the end of the most active indoor campaigns in many years. Many other new ones will be found before the end of a new and lively outdoor season. With a few outstanding exceptions there are no secure titles on the championships that are to be defended this summer.

Since weather drove the athletes indoors, there have been enthroned two new professional boxing champions, a new indoor track champion, a new mile champion, a new walking king and two new basketball champions.

Kid Kaplan became the world's featherweight champion by winning a tournament for contenders when Johnny Dundee resigned.

Charley Rosenberg won the world's bantamweight championship by defeating Eddie Martin in a fifteen-round bout.

Georgetown won the indoor inter-collegiate track and field championship and displaced the University of Pennsylvania.

Joie Ray stepped down as the champion indoor mile runner when he was defeated by Paavo Nurmi, the greatest of all runners.

Willie Plant became the greatest of the world's walkers when he defeated Ugo Frigerio, the Olympic champion of 1920 and 1924.

Ohio State won the Western Conference basketball championship

Tired After Eating? Try this Simple Mixture

If you feel tired after eating, it is often a sign of gas and undigested matter in your stomach or bowels. Simple buckthorn bark, magnesium sulphate, e. p., glycerine, etc., as mixed in Adierika, helps any case gas on the stomach, unless due to deep-seated causes. The QUICK action will surprise you. and Princeton won the Eastern court title.

Mrs. Marion Zinderstein Jessup was one of the few successful defending champions when she defeated the woman's indoor tennis titleholder.

Looking over the prospects for the outdoor season there seem to be a number of championships that may not change hands and many that are in danger.

Among the champions that appear to be secure are Jack Dempsey, Mickey Walker, Bill Tilden, Miss Helen Wills, the American Davis Cup team, Paavo Nurmi, Walter Hagen, the Washington Senators and the New York Giants.

Even though he has not been in the ring for almost two years, Jack Dempsey should pass through another season as the world's heavyweight champion, because there is very little chance that he will fight.

LADIES NIGHT POSTPONED

Due to the illness of several who were to have leading parts in the entertainment, the Knights Templar Ladies Night, scheduled for Monday night, April 13, has been postponed until next fall, it was announced today.

Such Is Fame

Fame is fleeting in baseball. Last fall Harold Lindstrom (shown above) was one of the outstanding stars on the New York Giants' roster in the world series games. At third base and at bat he was a near sensation. When the 1925 season opens Lindstrom, however, will be on the bench, an understudy to Heine Groh, the veteran.

WASHINGTON HIGH SCHOOL SUSPENDED UNTIL SEPT. 1

A. L. Trester, Secretary of Indiana Association, Announces Action Due to Violation

OUTSIDE AID FOR THE TEAM

(By United Press)

Anderson, Ind., April 6—Suspension of the Washington high school from the Indiana high school athletic association until September 1, 1925, was announced today by A. L. Trester, permanent secretary of the association.

The suspension was for "violation of the spirit, if not the letter of the association's rules," in having an outside aid in coaching the school's team for the high school basketball finals, Trester said.

Burl Friddle, Franklin college player, was in Washington for three days before the tourney, and aided in grooming the team for the meet, according to Trester.

The suspension will not affect plans of the city of Washington for building a new high school gymnasium as the high school will be back in the association by the time the basketball association opens next fall if it so desires, Trester said.

TO OPEN BIDS ON ROADS APRIL 21

One Half of Cost of Surfacing 143 Miles of State Roads to be Paid by Federal Government

88 MILES WILL BE PAVED

Projects Will Virtually Complete The Proposed 1925 Surfacing Program of Commission

Indianapolis, Ind., April 6—The state highway commission will open bids April 21 on surfacing of 143 miles of state roads with stone, gravel, or pavement at a cost of \$3,100,000, John D. Williams, highway director, announced today.

One-half of the cost of the projects will be paid by the federal government.

Of the mileage 88 miles is to be paved and 55 miles is to be surfaced with stone or gravel.

The projects will virtually complete the proposed 1925 surfacing program of the commission with the exception of about twenty miles on state road two between Bedford and Bloomington, Williams said.

Further paving projects are planned by the commission for this year as a result of lower costs, he added.

The locations of the paving projects are:

State road No. 10, Fowler to Kentland in Benton and Newton counties, 12,664 miles; from the Parke county line to Steam Corner in Fountain county, 6,215 miles; Vincennes to Hart's siding in Knox county, 4,779 miles; Hart's siding to two miles north of Oaktown in Knox and Sullivan counties, 8,862 miles; Oaktown to three miles south of Sullivan, 9,56 miles.

State road No. 25; Lincoln Highway to one mile east of the Laporte county line in Laporte and St. Joseph counties, 4,56 miles; one mile east of the Laporte county line to one mile west of South Bend in St. Joseph county, 9,541 miles.

State road No. 46; Churubusco to 1½ miles north of Merriam in Whitely and Noble counties, 8,43 miles, and 1½ miles north of Marriam to two miles south of Ligonier in Noble county, 11,276 miles.

State road No. 8 from 1 mile north of Crown Point to Gary, 5,775 miles.

State road No. 33 from the Illinois state line to 1½ miles west of Covington in Vermillion and Warren counties, 5,852 miles.

Bids were asked for either brick, bituminous concrete or concrete. The cement will be furnished by the commission.

AWARDED POSSESSION

A complaint for possession of real estate was heard this morning in Justice Stech's court, in the complaint of Ida M. Cartmell against Frank Butts and Paul Smith. The court awarded the plaintiff judgment, and the possession of a store room at Seventh and Arthur street was ordered turned over to the plaintiff by the defendants.

DOES YOUR BACK ACHE?

Bad Backs Bring Suffering to Many
Rushville Folks

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells, and urinary disorders, feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Rushville folks.

Miss M. A. Gore 226 E. Third St. Rushville, says: "Bearing down pains in my back taxed my strength. Housework was burdensome on account of the constant pain across my kidneys. Spots often blurred my sight and I suffered with dizziness, too. I felt tired and all worn out and my kidneys acted too freely, so I used Doan's Pills, and they cured me entirely."

SHE'S your daughter—and perhaps you hate to think of her having to work for a living.

But this sort of thing does happen in very nice families—and too often the girl is utterly unprepared for any well-paid occupation. So she takes a poorly-paid job as sales girl, waitress or clerk.

It's different when there is a Corona in the home. A child who has learned to use a Corona Four, with its standard office keyboard, can operate any office machine—and you've provided her with the best kind of an insurance policy against the day when she may be forced to support herself.

The price of Corona Four is \$60 cash. Easy terms arranged if desired. Call or phone for a demonstration.

FASHION SAYS "NO" TO NUDE STOCKINGS

By HEDDA HOYT
(United Press Fashion Editor)
New York, April 6—Milady this year is not a bit shocking. She's gone and discarded the "a la mode" stocking.

Nude colored hosiery which made legs look like merely legs have departed. One breathes a sigh of relief, knowing well that once Dame Fashion has passed the death knell on a thing it is gone beyond recall. No longer shall we see pink stockings that look as though they were filled by Santa Claus rather than by good old Nature, prancing up our streets. While the pink stocking in itself was perfectly all right, it became a hideous thing when pressed into service.

Recent shades, while light in tone, do not give the impression of bareness. Such shades are beige, sandalwood, grays, gravel, reindeer, cinnamon, zinc and russet are those most popular. Gunmetal is worn by many women who realize that they are more becoming than lighter shades for street wear. Of course, flesh tones are still worn for evening which is the only appropriate time for them to be worn. Newer than flesh, however, are silver gray, sunset, pale mauve and very pale golds which are worn with the silver or gold slipper.

Since many Spring shoes are of light colored shades and leathers, stockings match the shoe rather than contrast with it. Where the black patent shoe is trimmed with light colored leather, hosiery matches the trimming rather than the shoe itself.

Sports hosiery may be as colorful and full of design as one wishes. There are "barker stripe" woolsens in the most brilliant of shades worn at Palm Beach at present and while these make the leg appear almost shapeless, they are popular for beach wear. Plaid hose are also among the popular sportgear.

Roller stockings have become so generally worn that the half stocking which comes almost to the knee will undoubtedly be popular this summer. It is not unusual to see middle aged women wearing roller stockings in New York. One wonders if they are worn for comfort or for the purpose of displaying the cunning little garters which are so popular. Flappers match their garters with the shade of their frock and always these garters are the most exquisite things! There are some of bright ribbon with black lace finishing the lower edge and a tiny black satin bow in front. Others of plain ribbon in pastel shade have ribbon flowers forming a band about them. Perhaps the newest are those of blond silk lace with rather large round medallions of lace in front.

Handkerchiefs are also growing more ornate, until now one has two sets of them, one set of which is merely to look at and not to be used. These colweb affairs are very lovely and add materially to one's ensemble, since they always carry out some idea of color used on one's costume. Among the newest are little squares of colored georgette edged with gold or silver lace. Orange georgette or chiffon edged in gold and pale green edged in silver are pretty examples.

Bowknots of rhinestones or rhinestone and pearl combinations are the latest thing shown at the jewelry counters. Smaller types are worn on simple hats, even being worn on felt. One sees a plain felt turned into an evening hat by the mere appendage of a rhinestone ornament. Larger bowknots with pendants of pearls are worn on the left shoulder of the dinner or dance frock replacing the corsage of flowers. Occasionally they are worn at the center back of the rounding or V-shaped neckline of the dance frock. Many younger girls prefer to wear a fetish of rhinestones. Almost every animal in the animal kingdom can be purchased in prices that are very reasonable. There are turtles, elephants, mules, lizards, crocodiles, dogs, cats, camels, etc.

Among the newer pearl necklaces are those with a single strand of large beads which terminate in three strands of graduating beads in front. Where the three strands at-

COOLIDGE MAY HAVE TO DECIDE

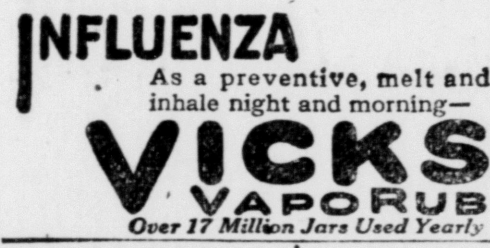

Chapman's Federal Sentence Will Have to be Commuted

(By United Press)
Washington, April 6—President Coolidge may have to decide whether Gerald Chapman, convicted bandit goes to the gallows in Connecticut this summer for slaying a New Britain policeman.

Commutation by the president of Chapman's 20-year federal sentence for robbing the mails was informally suggested at the justice department today as the way in which the government may solve the problem of whether to surrender Chapman to the Connecticut authorities for hanging or to reclaim him to serve out his sentence.

Legal technicalities would thus be avoided with the sentence commuted to expire at once, the way would be opened for the death sentence to be executed.

"On The Stroke of Three"
Built on a story of more than ordinary appeal, brilliantly directed by a cast of splendid talent, the first Associated Arts production, entitled "On The Stroke of Three," is one of the best pictures which Hollywood has turned out in recent months. The story, which deals with the homely, interesting life of the simple mountain folk in Ashluna Valley, as well as with the social whirl of New York's wealthiest set, is an adaptation of the novel, "The Man From Ashluna," by Henry Payson Dowd, and it has been scenarized by Phillip Loneragan without losing any of the charm and punch of the original. "On The Stroke of Three" will have its first showing in this city today and Tuesday, when it opens for a two day engagement at the Castle theatre.

When You Catch Cold Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—colds of all sorts.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c; jars and tubes; hospital size, \$3.00.

turing Johnny Hines, comes to the Princess theatre today and Tuesday, patrons will be treated to one of the most unusual automobile races ever filmed on the screen. The entire racing sequence was filmed at the famous 250-mile international auto classic at the Altoona Speedway last June, which was the cynosure of all racing enthusiasts. Pictured in these scenes the racing fan will view these speed spooks going at the phenomenal rate of 114 1-2 miles per hour, a new world's speed record. Every bit of the race was filmed so that when "The Speed Spook" is shown on the screen of the Princess its patrons will be able to view one of the greatest automobile races in the history of the sport.

Johnny Hines, the dynamic star and featured player of "The Speed Spook," will be seen in the driving-along with the best of them.

Slender Line Is Popular

THE slenderizing line of this silk gown, printed in navy blue and white, should endear it to the hearts of all those women who can't quite decide to take no food with their meals. The vestee and front panel are of pleated georgette crepe and there is a collar of eoru lace. It is caught together at the front with an ornament of beads and two long tassels.

PIMPLES

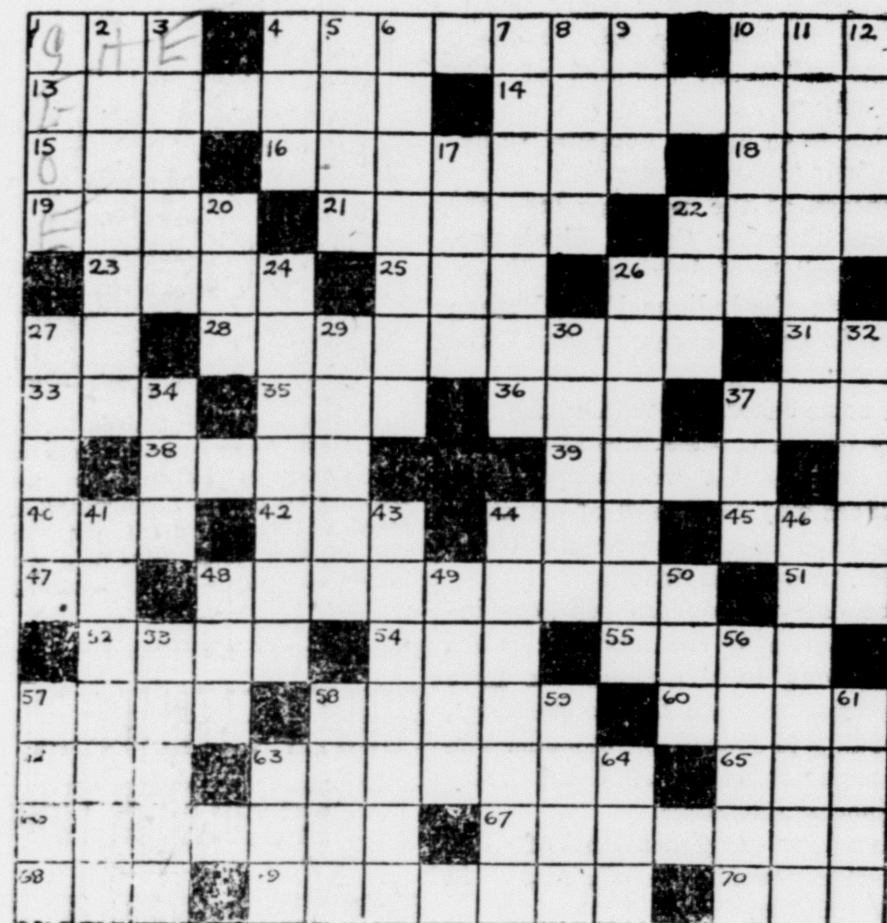

How to get rid of them.

WHY ENVY a clear, lovable complexion? Why wish and hope? It is within your reach! There is always one quick and sure way to make your complexion free from all eruptions, pimples, blackheads, boils and that impossible muddiness. That is by building up your red-blood-cells. S.S.S. will do it for you! Because S.S.S. does build red-blood-cells, it cleanses the system and makes those so-called skin disorders impossible to exist. S.S.S. contains only pure vegetable medicinal ingredients. It is also a remarkable builder of firm flesh, which is also important to beauty. It will fill out your hollow cheeks, put the "rubi" of health in your cheeks and the sparkle in your eyes. Since 1826 S.S.S. has been beautifying complexions and giving women physical charm. This is why S.S.S. is accepted as the greatest of all blood cleansers and body builders. Begin taking S.S.S. today and give yourself what you have been looking for, for years.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

IS FIRST TO TAKE ADVANTAGE OF LAW

Indiana Wheat Growers Association
Files New Articles Under Cooperative Marketing Act

OTHERS PLAN SAME STEP

Canning Crops Exchange, Dairy Products Association and Onion Exchange to do Likewise

Indianapolis, Ind., April 3—The Indiana Wheat Growers' Association organized in 1924 by the Indiana Farm Bureau Federation will be the first Indiana cooperative marketing association to take advantage of the cooperative marketing law enacted by the 1925 legislature. It was announced at federation headquarters today.

New articles of incorporation of the Wheat Growers' association have been filed with the secretary of state pursuant to resolutions adopted by the board of directors of the association at a recent meeting.

Under the terms of the contracts signed by growers, the board is authorized to reincorporate without further action on the part of the membership.

Other farm bureau cooperative associations that are preparing to take advantage of the new law are the Indiana Canning Crops Exchange, the several local dairy products associations, the Indiana Farm Bureau Onion Growers' exchange and the wool growers.

In some cases, the vote of the majority of the membership is necessary to authorize reincorporation; in others only the board of directors is required to act, under the terms of the growers' contracts.

The dairy producers will not incorporate under the new law until the various local associations have been organized into a state exchange, according to federation officials. The exchange is to be called the Dairy Producers' Exchange.

Plans for organization of this statewide association are now in contemplation.

Steps were taken recently by the wool growers to form a statewide association which is to be incorporated under the cooperative marketing law. Wool growers in Indiana which now sell their products co-operatively operate in conjunction with those of Ohio and Michigan.

According to plans the wool grower would continue to cooperate with those of the other states until a large enough membership is obtained it was stated.

The Canning Crops exchange already has been set up and is now operating. The question of reincorporating under the new law will be taken up later.

Members are likely to take advantage of the new law also, it was predicted.

FOURTH FATALITY IN EVERGLADES TORNADO

Cyclone Cuts Swath 200 Yards
Wide in Florida Late Sunday,
Causing Heavy Damage

TWO IN ONE FAMILY KILLED

Miami, Fla., April 6—The fourth fatality of the Florida tornado occurred today when Mrs. Simpson died in the hospital from injuries.

Three others were killed and over a score injured late Sunday when the twister swooped from the Everglades and did heavy property damage before it swept on into the Atlantic.

The tornado cut a 200 yard swath from the Everglades to the ocean and search was going on in the ruins of 75 dwellings for possible additional casualties.

The death of Mrs. Simpson is the second in her family, her 8 year old son John having been decapitated by the storm which caught him, his mother and sister near their home in Westwood Inn. The Inn and the White Belt Dairy were demolished.

PLAY FOR TORNADO RELIEF

The Jackson township Farm bureau will hold a meeting Tuesday evening at 7:30 o'clock at the Jackson township school building and all the members are urged to attend. At this time the Noble township farm bureau will give a play entitled "Hinky Doodle Town," and the proceeds will be used for the tornado relief sufferers.

NOT GUILTY, PLEA OF STATE HIGHWAY MEN

John D. Williams, Director, Earl Crawford and Four Others Arraigned on Embezzlement Charge

TRIAL WILL BE HELD SOON

Pleas of not guilty were entered in criminal court today by John D. Williams, director of the state highway commission, Earl Crawford, commission member and four others when arraigned on indictments charging them with embezzlement.

The charges grew out of disposal of surplus war materials by the highway commission.

Other defendants arraigned with Williams and Crawford were Moses and Victor Goldberg, dealers in used war materials, George Bartley, former superintendent of the state highway garage, and William Whaley, a former employee of the Goldberg.

Following the pleas of not guilty, Prosecutor Remy announced the case will go to trial in May or June.

Alleged irregularities in the sale of war materials turned over to the commission three years ago by the war department at Washington are the basis of the ten indictments against the men.

HIRAM KRAMER IS STRUCK BY AUTO

head was cut and bruised. He was able to be removed to his home, and unless internal complications arise, he will recover.

The driver of the machine was held to be blameless, and police today called attention to the fact that many people walk between cars that are parked, and are frequently in danger of stepping directly into the path of other cars.

The accident Saturday night attracted a large crowd quickly and the streets were congested until the injured man was removed to the hospital.

"If I had only known--"

TWO women went out to buy a certain expensive labor-saving device for the home.

One was greatly disappointed when, a few days later, they compared notes. She had bought the same product that many of her friends had owned.

The other woman had secured a greatly improved new product — costing less, but of much more value.

"If I had only known there was a better one," the first woman said, "I would never have bought this old one."

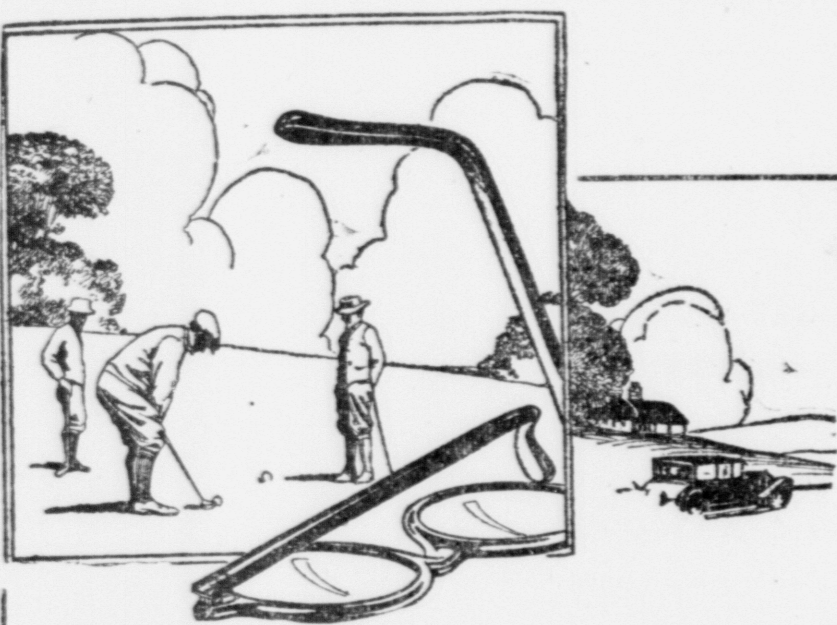

"I had just read about it in an advertisement," explained the wise buyer.

Every day you miss good news of an improvement in different articles of merchandise — unless you read the advertisements. They tell you of practically every worth-while invention — of every progress from the old to the new.

Read the advertisements — regularly every evening. Know all about the thing you are going to buy before you buy it. It will save you disappointment, money and time.

MANY WAIT UNTIL THE LAST MOMENT

Several Candidates File Declarations Late Saturday Just Before Time Limit Expires

LONG LIST OF ASPIRANTS

Each Has Ten Days to Withdraw Name and After Tenth Day Ballots Will Be Printed

With the primary election for city officers to be held in less than one month, May 5, the time for filing declarations for offices has closed, and plenty of opposition is offered in both political ranks, for almost every city office.

Several candidates waited until the last minute to file their intentions. Each candidate who has filed has ten days in which to withdraw his name, by applying to Earl Osborn, city clerk, and after the tenth day, then the ballots are ordered printed. One democratic aspirant, who had previously filed for councilman, was among the first to withdraw from the race this morning.

The councilman race, especially in the republican primary for councilman-at-large, is unusually crowded, as six filed for the nomination, and only two of the six can be nominated.

The office of city clerk on the republican ballot will contain four candidates, and two for the same office on the democratic ticket. Ward councilmen also have opposition in almost every instance on each ticket. Two also are seeking the republican nomination for city treasurer and each political party has two in the race for mayor.

The complete list of those filed for the various offices, and who will be voted upon unless withdrawals are made, are as follows:

FOR MAYOR

Clara L. Dehout, 210 East Seventh
Albert C. Stevens, 402 North Morgan

Democrat

George W. Higgins, 840 West Seventh

GRAND JURY TO FINISH UP SESSION THIS WEEK

Will be Called, Probably Wednesday, to Conclude Investigation, Prosecutor Announces

WILL THEN MAKE A REPORT

The grand jury will be in session probably Wednesday, to finish up their work for the present term of court, according to Gates Ketcham, prosecuting attorney. The session will be called Wednesday, if satisfactory to the six members of the grand jury, he said.

Several witnesses will be used to close up the investigations, and then a report will be made to Judge Sparks, who was able to be at his office in the court house for a short time this morning.

Among the new business in court, are three minor suits filed this morning, all being complaints on notes. Theo. R. Reed is plaintiff in one action against Ellis Culbertson, the demand being for \$250 judgment on a note.

Charles H. Tompkins is plaintiff against Charles M. Miller, the demand on this action being for \$125 on a note. Albert L. Allen is plaintiff against Sam Young, the suit being to foreclose a chattel mortgage involving livestock, and with the demand for judgment being \$85.

CONTRACTS FOR BRIDGE AND ROAD ARE AWARDED

Commissioners Open Bids This Afternoon on Truck and Supplies For County Infirmary

SHELHORN ROAD TO BE BUILT

The county commissioners awarded a bridge and road contract at their regular monthly session this morning, and this afternoon opened bids on a truck for the county highway department and supplies for the county infirmary.

The Fred Shelhorn road contract went to Avery and Weintraut of Waldron, Shelby county, for \$9,730, the low bidder, and the contract to construct the Bert Benner bridge in Center township was awarded to Elijah Williams of this city for \$671.

The Shelhorn road in Anderson township is to be constructed of macadam. It was passed in the election last fall, a vote on the project being necessary because the township had exceeded its bonded indebtedness limit.

Other bids on the road were: Winslow and Hooten \$10,790 for local material and \$12,680 for shipped material; McCracken and Bird, \$13,693; McNeilly Brothers, \$9,880; D. H. Fatout, \$11,654 for local material and \$12,500 for shipped material; Lawrence and Ennis, \$10,747.50 for local material and \$13,500 for shipped; Conner, Beary and Jinks, \$12,500.

Bids on the bridge were: J. S. Black, \$874.75; H. C. Garlan, \$873; W. C. Bishop, \$730; A. R. Herkless, \$999.

HIRAM KRAMER IS 'STRUCK BY AUTO'

Front Wheel of Car Driven by Alex Pollitt Passes Over His Body, But His Recovery is Expected

ACCIDENT SATURDAY NIGHT

Victim, a Farmer Living South of City, Suffers Broken Rib and Several Severe Bruises

Hiram Kramer, age 55, a farmer living on the Wilk and Redman farm southwest of Rushville, was injured Saturday night, when struck by an automobile that passed over his abdomen when he stepped in front of the car driven by Alex Pollitt, living northeast of Arlington.

The accident happened in Main street, north of Second a short distance. Mr. Kramer stepped between two machines that were parked on the street by the Rushville National bank, and in stepping out into the street, he was in the direct path of the machine coming north, and driven by Pollitt.

Mr. Pollitt was driving slowly, having made the turn from Second street, and in his attempt to stop, his foot touched the accelerator instead of the brake, and the machine plunged forward. Mr. Kramer was knocked to the pavement, and the front wheel of the machine passed over his abdomen. He was taken to the Dr. Green hospital, where his injuries were treated. It was disclosed that a rib was broken on the left side, his right shoulder was badly bruised, and the right side of his

LOCAL SCHOOL MEN ATTEND

E. B. Butler and Dean Walker Back From Educational Conference

E. B. Butler, principal of the Rushville high school, and Dean Walker, instructor in history, have returned from Columbus, Ohio, where they attended the fifth annual session of the Ohio state educational conference held at Ohio State university the last three days of last week.

The keynote of the conference was "Democracy in education." There was a general program covering the three day's session and departmental meetings dealing with various phases of high school and grade instruction, including physical education and the work of school executives.

First Annual Rush County Young People's Conference Closes With Banquet Saturday Night

E. T. ALBERTSON SPEAKER

Officers for Coming Year Elected at Closing Session—State Workers Discuss Topics

Manilla was the place chosen to hold the second Rush county young people's conference, at the closing session of the first conference held at the First Baptist church in this city Saturday afternoon. The officers for the ensuing year will be Miss Gertrude McCorkle of Milroy, president; Edith Claire Walden of this city, vice president; and Floyd Ellison of Walker township, secretary-treasurer.

The first conference of the young people closed Saturday evening with a banquet at the Odd Fellows Temple in this city, covers being laid for eighty young people. The dinner was prepared and served by members of the Rebekah lodge. E. T. Albertson, general secretary of the Indiana Council of Religious Education gave a short talk after the banquet on "The Need of a Clean Life."

The Saturday morning session was presided over by Miss Pauline Johnson of Milroy, and opened with the worship period in charge of Miss Belva Bever. Wayne Whittaker offered prayer and Rev. R. W. Sage, pastor of the First Baptist church, delivered a sermon on "The Call to Service," stressing the theme of the conference "Training for Service."

In his talk, his text being taken from Isaiah, sixth chapter the Rev. R. W. Sage stated that there were three requisites to the call to service—first, Vision of God's plan; second, unquestionable faith; and third, deep consecration. He described the life of Isaiah and ap

Proposes Fund To Help Rebuild N. Conde's House

Harry G. Francis Starts It With Personal Gift of \$100 and Similar Amount From Chas. E. Francis Co. Support of Fund to Help Afflicted and Unfortunate Men Expected to be Forthcoming.

Harry G. Francis	\$100.00

A proposal to raise a fund of \$2,000 to help Norm Conde rebuild his home, which was completely destroyed by fire last Friday, northwest of Rushville, was made today by Harry G. Francis and he started the fund with a personal gift of \$100 and one from the Chas. E. Francis company for a similar amount.

In a letter to the Daily Republican, Mr. Francis requests the Republican to accept contributions to the fund, which the Republican will do, and deposit it at the American National bank, as his letter suggests, as a checking fund to be used to rebuild and refurnish a small comfortable house.

The letter received by the Daily Republican is as follows:

"I happened to be passing near Norm Conde's Friday while his house was burning. The house and almost everything in it were completely burned, as the fire had gained such headway before the arrival of the Rushville fire truck that practically all the firemen could do was to watch it burn. In this way the life's savings of this unfortunate and afflicted, but industrious man were wiped out in a few minutes time.

"Mr. Conde told me he had worked the best he could in his crippled condition for 29 years to try to have a home for his aged mother and his wife and himself, and to try to get a little money ahead and now his whole life's savings were swept away and nothing left to look forward to, but \$1,000 insurance, and he was completely overcome with despair at the thought of his future.

"It is surely a pathetic case and deserving of assistance from everybody in the community. "I respectfully request the Daily Republican in its generous assistance of every worthy motive, publish this letter and accept subscriptions to a fund, which I think should be not less than \$2,000.00, to be deposited in the American National

FILES MOTION TO STOP PROSECUTION

D. C. Stephenson's Attorney Seeks to Have Indictments for Assault and Kidnapping Dismissed

ALLEGATIONS OF PLEA

Abatement Proceedings Alleges Charges are Based on Mere Hearsay Gossip and Rumor

(By United Press)
Indianapolis Ind., April 6—A motion in abatement on indictment against D. C. Stephenson, former grand dragon of the Ku Klux Klan of Indiana, was made by Eph Inman, his attorney, when Stephenson appeared in criminal court for arraignment on charges of kidnapping and assaulting Miss Madge Oberholzer.

The motion declared the grand jury was not properly drawn and that it was prejudiced and biased against the defendant. The grand jury had no witnesses before it who would give information based on personal knowledge, it ascertained, adding that the indictment was returned solely on illegal, incompetent and mere hearsay gossip and rumor.

Such testimony, Inman asserted, is not admissible under the law. The motion also declared the grand jury did not take the direct testimony of Miss Madge Oberholzer, victim of the alleged attack. Judge Collins declared that the motion in abatement be turned over to Prosecutor Remy, in order that Remy might indicate what steps he intends to take.

Judge Collins said it probably would be impossible to rule on the plea in abatement before next Saturday, thus ending the case for today.

During his appearance in court, Stephenson looked nervous. His face lacked the usual ruddy color. He glanced furtively at a group of prisoners who was brought into court in handcuffs.

There probably was no change today in the condition of Miss Madge

RESIDENCE, CONTENTS ARE DAMAGED BY FIRE

Home of Mr. and Mrs. John Mabra, Colored, Enveloped in Flames When Discovered

CONTENTS NOT INSURED

The residence of Mr. and Mrs. John Mabra, colored people, living at 419 East Eighth street, was badly damaged by fire this morning shortly before eight o'clock, when the roof was enveloped in flames before it was discovered. The loss was estimated at \$500.

The dwelling is owned by Henry Ramey, living east of Rushville, who carried insurance, but the contents were not insured, and the Mabra family lost clothing and other household furnishings in the upstairs rooms. The flue is believed to have been defective, and the entire attic portion was ablaze beneath the shingles.

Mrs. Mabra, who is bedfast with an illness, was removed from the burning home. Her husband is the well known blind man. The blaze presented a pitiful sight because of the conditions surrounding the family.

The alarm was turned in from box 32, Cherry and Eighth streets, and firemen used a line of hose from a hydrant, and also a smaller line from the booster pump, with the water doing considerable damage to the interior. The blaze was confined to the one residence, although it was situated closely to other homes.

SPEAKS AT LEGION SERIES

Thomas McConnell, State Commander, Reviews Work Being Done by Ex-Service Men in Indiana

Urging it as the duty of every American citizen to carry forward, preserve and protect, uplift and cherish the fundamentals of our American government, as handed down by the forefathers, Governor Ed Jackson addressed a large audience on the subject, "Citizenship Soldiers", Sunday afternoon.

The address was the second of a series sponsored by Rush Post 150, American Legion, and his topic carried home to his listeners a message of great appeal, delivered in a manner that fastened its grip upon their hearts and souls, and showed the importance of everyday citizen soldiers.

Music for the occasion was provided by the Homer Cole orchestra. Invocation and benediction were pronounced by the Rev. W. H. Harzett. Gov. Jackson was introduced by Robert E. Mansfield, and John H. Kiplinger introduced Thomas McConnell of Fowler, Ind., who is state commander of the American Legion, and who was a special guest at the meeting.

EDUCATION BOARD CONVENES

To Consider Commencement Dates and Speakers at Monthly Session

The county board of education was in session this afternoon and among the matters to be taken up, were definite decisions concerning the commencement dates and graduation week program for the township high schools. Most of the dates have previously been fixed, but the speakers were in doubt for some of them, and an effort was to be made this afternoon to have the complete programs ready for the schools.

Among other things to be taken up, was the annual field day and track meet exercises which will be held Saturday of this week at Moscow. It is expected that all high schools in the county will have contestants in the various events, and Rushville high school has been invited to participate.

SPECIAL SERVICES IN TWO CHURCHES

Pre-Easter Meetings Get Under Way as Evangelistic Campaign Closes at St. Paul's Church

\$666.66 FOR T. E. THOMAS

The Rev. Eldon K. VanWinkle Opens Evangelistic Meetings at Christian Church

Coincident with the closing of an evangelistic campaign at St. Paul's Methodist Episcopal church Sunday, pre-Easter services got under way at the Main Street Christian church and the First Presbyterian church, with the Rev. Eldon K. VanWinkle of Pittsburg, a former Rushville boy, in charge at the former church.

The congregation of St. Paul's church contributed \$666.66 Sunday to recompense the Rev. T. Eddie Thomas of Muncie for his services in the three weeks' meetings. His expenses during his stay here were paid in addition. The sum raised is a mystic number in the Book of Revelations, it is stated.

In his farewell service Sunday night, the evangelist was generous in his praise of all the agencies that had helped make the revival a success. A number went forward last night, but the exact number joining church during the series of meetings was not announced.

Activities in all the churches, beginning Sunday, will center until Easter around the events in the life of Christ leading up to his death. "His Last Week" will be the subject of study each night at the First Presbyterian church, under the direction of the pastor.

Easter Sunday will mark Decision Day for the Main Street Christian church, culminating an eight-day pre-Easter evangelistic meeting opening Sunday. Special sunrise meetings at 6:30 Sunday morning will feature the opening of the day's services and everybody is invited to attend in the spirit of prayer in memory of the resurrection morn. The program is being arranged by the Circle girls.

Greatly increased attendance is expected at the Bible school at 9:30 when a special Easter program will be given. Two sermons will be delivered by the Rev. Mr. VanWinkle and an opportunity will be given at every service to confess Christ and become a member of the church.

The Rev. Mr. VanWinkle was heartily greeted in two great services Sunday. The topic of his sermon tonight will be "The Association of The Holy Spirit With The Church in Evangelism." George C.

GYMNASIUM FUND IS STILL ABOUT \$2,000 SHORT

Committee is Anxious to Reach Goal of \$25,000 so That Plans Can go Forward

CONTRACTORS TO BE BUSY

The goal for the new Rushville high school gymnasium is still short about \$2,000, it was announced today and a last-minute effort will be necessary on the part of those who have not been solicited to sign up for a loan in order to put the proposition across at once.

On account of the busy building season that is ahead of contractors for the summer, it may result in a delay in having the gymnasium erected, unless something definite is done within a short time. Most of the contractors in Rushville are getting busy on jobs, and the committee in charge of the gymnasium proposition is anxious to have the matter decided definitely within a few days.

The fund of \$23,000, as pledged so far, is not sufficient to guarantee the building of a \$25,000 gymnasium as planned, and it will be necessary to raise the additional quota of \$2,000 before any definite action can result.

Many persons are holding out with their pledges, and they are urged to report at once, so that a check can be obtained, and the matter disposed of, either favorably or unfavorably.

SHOWS WORTH OF CITIZEN SOLDIER

Continued from Page One
the importance of the Legion organization, and urged the assistance of the general public in keeping alive the spirit of the order. He showed the peace time purposes of the Legion, by reviewing the excellent work in recent disasters where the Legion had stepped in with assistance.

The Sullivan mine disaster, the Princeton and southwestern Indiana tornado relief work were examples of the peace time work that appeals to the Legion, he pointed out. In one community in northern Indiana, he said the Legion had built a library, and that many similar things were a part of their program. He urged the cooperation of the public with the Legion forces in all of their undertakings, stating that success depended upon cooperation.

Gov. Jackson in his address paid a tribute to the world war veterans for their service performed, and he also said that this service could not have been performed without the service of those at home, and in a glowing tribute he paid honor to those who stayed at home, and kept up the business so that those who had gone out in defense of the country, could be successful in their venture.

The speaker recalled hearing Eddie Guest, a nationally known poet, on one occasion during the recent war. The piece had to do with the home, and it ended with "it takes a heap of living in a house, to make a home."

In commenting the saying, Gov. Jackson remarked, "How true it is that it takes a heap of living in a house, to make a home. It is not all houses that can be called a home, in its truest sense. We gaze with marvel and wonderment upon a fine house, with beautiful architectural designs and expensive surroundings. We go upon the inside and see the fine coverings laid upon the floor, the draperies, and wonderful paintings on the wall. But all of these things do not constitute a home. It takes a heap of living—the living of real lives—to make that house a home."

"Then we turn our gaze upon a modest cottage—nothing to challenge our admiration for architectural designs here. We compare the interior furnishings. Simple things meet our eyes, with no expensive array such as seen in the other house. Perhaps on the wall in one room, you will see a picture of the lowly Nazarene, or perhaps the Madonna with the infant Christ. In another room there may be pictures placed there by some mother whose heart cherishes the memory of her own child—small and simple portraits—untouched by an artist's hands. Then perhaps in another room you would see the portrait of soldiers, young men, probably sons who had gone forth at the appeal of their country. Those who had gone from this household, and left behind their pictures that will remain forever a fixture on the wall.

"This is a Real Home," said Gov. Jackson. "Why? Because of the elements that you see within the house that have brought to bear by those living there. That little house, shows us clearly that it takes a heap of living in a house to make a home."

between America and Germany, with the latter holding as their spiritual belief, "might makes right," while that of America goes back to the foundation of the nation.

"Just turn back the pages of history," he said, "when Washington, the leader of the great army, standing guard over his soldiers one night, in freezing weather, with odds against the men and their cause, and you see that commander kneeling on the frozen ground, meeting Christ in prayer, and asking for his guidance."

"Then we hurry along through the pages of that history and we see another great crisis, as to whether the country should be divided or united, and here too we see another great president and leader in the White House, seeking guidance from the same leader as Washington had done at Valley Forge."

"Then in the Spanish American war, we find as the commander of our army and navy, another president, seeking the same God whose aid had been invoked for this country in other times of grief. And when another great war came, we had a great man in the White House, and he too, talked to the

same God and appealed that the boys of America be sustained in their cause, and that old glory be guided through unstained and untarnished."

Gov. Jackson stated that those were the reasons why America was the best prepared country spiritually, and was directly contrasted to the German teaching "Might makes Right."

The speaker then urged that the American Legion carry on this message through the generations to come, such as the rapidly diminishing survivors of the Grand Army of the Republic have done. He urged the support of the Legion, because it was soon to take the place of the G. A. R. organization, as the members were "falling by life's wayside in vast numbers."

Peace time training, not military ideals, but mental, physical and spiritual things, were urged for the citizens, as well as former soldiers, by the speaker. Patriotism should not die out during peace time, but it should be carried on by citizens whose duty it is, and whose obligation it is, he said, to keep their pledges and faith with the forefathers of this country.

Gov. Jackson paid a glowing and impressive tribute to the flag, showing

the purpose of each unit in the color scheme and concluding with the stars said, "like the star of the east that guided the wise men to Him, the stars of the American flag have illuminated the pathway throughout American history, and guided successfully the heroes who followed it."

In closing, Gov. Jackson called upon the citizens to be soldiers all of the time and carry on, preserve and protect those things left here by the forefathers, and to improve them if possible, remembering all of the time to uplift America, and keep sacred the things that are sacred, and follow the guidance of One that has been followed since the nation was founded.

pled it to the people of today. He gave three elements to a successful life today—good home, right sort of educational training that schools are able to give, and the vision of God.

Miss Gladys Cosand of Richmond gave a talk to the girls in the afternoon. She spoke mainly on the church and its purpose. She stated

that the church must justify its existence now and the plan of the church is three fold, missionary, setting of moral standard and saving of souls. She also gave a talk on "How to Conduct a Model Worship Service." Wayne Whittaker of DePaul spoke to the boys and Mr. Alberson addressed the adults on "Why Young People Do Not Attend Church."

After the group meetings, Miss Farmer discussed the organization of the county for young people's work. The organization is composed of the county young people's superintendent; president, vice president and secretary-treasurer. Every church in the county is to be represented by one young man, one young woman, and one adult. The townships may have the same organization as the county, providing there are too many churches in the township. Wayne Whittaker of Greencastle, gave a discussion on "Organized Classes," and gave a report on the Geneva Camp at Lake Geneva.

The convention closed with the business session and the choosing of the next conference town, which was held after the program in the afternoon. The banquet at night, was a fitting climax to the success-

ful conference, and it was preceded by a short social hour during which stunts were given by the different churches represented at the meeting.

SPECIAL SERVICES IN TWO CHURCHES

Continued from Page One

Wyatt has been made the chairman of the local campaign and the song service and the arrangement of gospel team work has been assigned to Homer Cole.

The Rev. Mr. VanWinkle was a convert in the old Christian chuke in West Second street and was graduated from the Rushville high school in 1888. He has been for nearly five years located as pastor of the Homestead, Pa., Christian church. During the past year he was president of the Pittsburg Ministerial Association of Disciples.

First United Presbyterian

The text for the evening sermon at the First United Presbyterian church Sunday was taken from Matthew 7:21, "Not every one that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father, who is in heaven." The pastor said in part:

"From this verse it is evident that mere profession of loyalty to Jesus

FOR DEFENSE

Earl P. Clark, former salesman for Dr. Charles C. Faiman, indicted with William Shepherd for the death of William McClintock, Chicago's "millionaire orphan," will be used by the defense to impeach the doctor's confession if he is permitted to testify.

Christ cannot save. We are compelled to judge people by their own profession and it is often desirable to be well thought of. So this tendency is prevalent to cultivate the good opinion of others by a profession of piety. We may deceive others and ourselves; but Jesus says, "Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven."

"Habits of prayer do not prove discipleship, nor professions of love for Jesus Christ, nor even feeling. One may have doubts and fears and still be truly religious. One may have confidence and full assurance and lack the one thing needful. Jesus said those only that do the will of the Father in Heaven shall enter there."

"We naturally inquire why there is a failure on the part of any one to enter into the kingdom. Many reasons might be assigned. One is the sort of gate that stands at the entrance to the way of life. It is a straightened gate. Repentance is required and restitution, or the righting of wrongs done so far as is possible and a childlike spirit—teachable, trustful and humble."

"The character of the way is an straight and steep and fenced by the guiding principles of the decalogue. And many feel themselves too broad to walk in the narrow way. Also the rival gate is attractive. It is wide and leads into the broad road, traveled by the many and the grade is descending. False teachers, more-over, wolves in sheep's clothing, slur over sin, and ignore the cross, and speak nothing of the necessity for self denial. Then the desire for ease and sinful indulgences prevent many from entering the kingdom of Heaven. If the righteous scarcely be saved, where shall the sinner and the ungodly appear?"

First Presbyterian

The Rev. Gibson Wilson, continuing the Easter sermon series, spoke Sunday morning on "The Resurrection Credible," taking for his text, Acts 26:8, "Why is it judged incredible with you if God doth raise the dead." He said in part:

"Some think it impossible, after the body has returned to dust, to collect again all the scattered particles and bring them together again, in one body. But you must remember that the body is constantly changing and you are all the time getting a new body. This is the same body you had when you were a child but not the same particles."

Some worry for those lost at sea and their body devoured by fish. But it isn't the physical particles at death that are raised up. The resurrection has a much deeper meaning than merely the raising of decomposed particles of dust. Sameness may be in a great variety of ways. The body which is raised up is adapted to the conditions in the life beyond this. It is not this body humiliated by sin, abuse, sickness, accident but a body fashioned like unto Christ's glorified body.

"Our text implies that there is no good reason against the resurrection. The doctrine is worthy of belief. Why should it be thought a thing incredible that God should raise the dead? Elijah raised the son of the Shunamite woman. 2K. 4:24. The resurrection was taught by the prophets. Jesus raised the widow's son at Nain. Lazarus was raised up after being dead four days. Jesus himself rose from the dead. The tomb was empty. He was seen by many and there were many proofs of his resurrection."

"The Resurrection is attended by

Prayer Meetings to be Held Tuesday Morning

Mrs. Wilbur Stiers, president of the Ladies Missionary Society, and as chairman of the cottage prayer meetings, has arranged for prayer meetings to be held in four sections of the city each morning from 9:30 o'clock to 10:00 o'clock. The prayer meetings for Tuesday will be as follows:

At Mrs. Homer Cole's home, 219 Beuna Vista Ave., Mrs. Cole, leader.

At Mrs. George Thomas, home, 324 North Perkins, Mrs. Thomas leader.

At Mrs. Will Harton, 810 North Main street, Mrs. Ed Billings, leader.

At Mrs. Guy Mulbarger's home, 917 North Harrison, Mrs. Albert Allen, leader.

Not only members of the Christian church, but of every church, and non-church members, are invited to attend from 9:30 to 10 a. m.

A special set up workers' meeting will be held tonight, after the meeting, with George C. Wyatt, presiding. At this meeting the "Each-One-Win-One," personally and gospel team work, will be formally launched.

Luncheon will be provided on Friday evening at 6:30 p. m. Friday at the church, where the gospel teams and committees will make final reports of the week's campaign and the state of preparedness for the great decision and membership day on Easter.

no great difficulty than the original Creation. Certainly God who gave man his life can continue his future existence.

"The resurrection is the crowning act and proof of the Messiahship of Jesus. Surely God will not leave this great work of his Son without this crown of victory."

"Others who were raised from the dead returned to death again. Not so with Jesus. He is first in preeminence, the most distinguished, Chief, the Head of those that should rise. He rose by his own power and secured dominion over death and the grave. He brought immortality to light. He arose to return to death no more."

"To discredit the resurrection of the body is to judge God by our own limitations. There is no room in heaven for a body of the flesh but there is room for a spiritual body such as Jesus possessed. We must remember that there are bodies terrestrial and bodies celestial. Such a body as is adopted to celestial conditions will be our resurrection body."

St. Paul's Methodist Episcopal

The Rev. Eddie Thomas, the evangelist, closed his meetings at the St. Paul's church Sunday evening. On Sunday morning his theme was "Love." He read from first Corinthians 13, "The greatest thing in the world is love," and he continued in part:

"If you are going to gain Heaven it amounts to something. The big thing in all our lives is eternity. When our love for Jesus Christ comes to a place in our life, when we know all that he did for us, we will want to come to him and be saved. God is love."

"In first Corinthians, thirteenth chapter, 'tho I give my body to be burned, without love it amounteth to nothing.'"

His Sunday evening sermon was on the text "you reap what you sow."

"In Matthew, the parable of the sower," the speaker stated, "it says some seed fell by the wayside some on poor soil. It is always the case. We have been sowing and some feed fell in stony hearts, some fell among thorns. You probably expressed a wish before some of your friends and they have laughed at you. Some need to be renewed in the spirit. I admire the man who has grown cold and needs to be warmed over again, who will try again."

"We reap as we have sown and to me the saddest verse in the Bible is John 4:37 and Galatians 6:7; 'If we sow seed of drunkenness we reap drunkards.' We sow cards, we reap gamblers. We need to return to the morality of Jesus Christ."

"The home of the nation is the home, where the family is taught to love God. This text means us. Let us search ourselves and see what our harvest will be."

The evangelist closed with an earnest appeal to the citizens of Rushville to be careful of their sowing. "Already you have seen some of your harvests," he said.

On Saturday night the evangelist took his text from Psalms 137:4, "How shall we sing the Lord's song in a strange land." He told of David's sorrow, how he hanged his harp on a willow and how Israel was in captivity and out of their element.

"Their environment was not conducive to advancement," the Rev.

Mr. Thomas explained. "God intends that all men maintain a correct attitude toward Him; and to be out of harmony with God is to frustrate God's plan for man's happiness."

"The cause of all discouragement," all sorrow, all crime, all shame, is summed up in the text, 'How shall we sing the Lord's song in a strange land.'

"God appreciates our efforts in life when our attitude toward Him is changed from a rebellious to a surrendered attitude. God does not hear the prayer, nor credit our good deeds until our unwillingness becomes submissive and obedience to Him and God's attitude changes when man's attitude toward God changes."

Political Announcements**FOR COUNCILMAN**

We are authorized to announce the name of Elsbury Lea as a candidate for Councilman in the Second Ward, subject to the Republican Primary, Tuesday, May 5th, 1925.

FOR CITY CLERK

We are authorized to announce the name of Louis C. Hmer as a candidate for City Clerk, subject to the Republican Primary, Tuesday, May 5th, 1925.

FOR CITY CLERK

We are authorized to announce the name of Leonard Pate as a candidate for City Clerk, subject to the Republican Primary, Tuesday, May 5th, 1925.

The Primary

Within a month the voters of Rushville will go to the polls and select two sets of candidates who will oppose one another at the city election next fall.

With opposition for practically every office, the field is larger than ever before in a city primary and indicates a lively interest in city affairs.

If the people of the city will take as much interest as the candidates, there is good prospect of the best man winning, for in an election in Rushville, there is no reason for every voter not knowing the qualifications of every candidate and his ability to serve in the office to which he aspires.

In considering men for the council and executive offices, the voters of Rushville should not forget that Rushville has made more advancement in the past year than for the last ten years, and that city officials can be of immense value in the development of the city.

If the mayor and councilmen should happen to be out of sympathy with the movement to make

Rushville grow, they would be a big stumbling block in the program of improvement. They could handicap and discourage those who are working for a bigger and better Rushville in such a way that their efforts would be practically nullified.

This is one of the most important questions in the campaign and should receive careful consideration from every voter.

Rushville voters who are in accord with the effort under way to increase the city's population will make this a measuring stick in the primary campaign, because the attitude of mayor and council are of great importance.

Careless Driving

More than forty percent of the accidents involving motor vehicles in three states during a period of eight months were due to reckless or careless driving.

This fact is gleaned from statistics compiled from newspaper accounts of accidents by the bureau of public roads of the United States department of agriculture.

It is a severe indictment against the drivers of automobiles. The increase in the number of accidents due to thoughtless operation of automobiles means but one thing—that more stringent requirements for drivers of automobiles will have to be enforced.

When it becomes necessary to restrict the operation of motor vehicles and burdensome and expensive examinations are required, the careful driver will suffer equally as much as the reckless and the careless.

Thoughtlessness that jeopardizes the lives of others is inexcusable. Why persons drive automobiles without giving consideration to the rights of others is past understanding.

Their selfishness in refusing to recognize the rules of the road and use good judgment to prevent accidents deserves the severest condemnation.

They may risk their own necks if they wish—that is their business, but it is not their right to increase the hazard of motoring for the careful driver.

Public sentiment will have to outlaw the reckless driver because the toll he takes is entirely too large.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON—Burial in Arlington National Cemetery has, for a generation, been regarded as the crowning honor to a military life. There, under the beautiful capital city just across the placid Potomac, sleep the heroes, sung and unsung, of America's battles on land and sea.

"The Shrine of America," Arlington has been called. Great and humble alike, those who have fought with gun and sword for American ideals there share equally the care and reverence of the government they served. General, admiral, private and Unknown Soldier rest side by side in those green-clad hills.

But a rival to Arlington as an historic resting place, where the future will look for the great of America, may have appeared in the National Cathedral of St. Peter and Paul.

Only a small portion of this immense edifice has as yet been completed. It stands on Mt. St. Albans, the highest spot in the District of Columbia. There, in a crypt under Bethlehem chapel, the body of Woodrow Wilson was placed following his death one year ago.

After the Wilson burial in the National Cathedral, the suggestion was made that here, in this edifice, might be developed the "Westminster Abbey" of America.

Now the body of Admiral George Dewey, hero of Manila Bay, has been transferred from Arlington to a crypt provided by his widow under the floor of the cathedral.

Thus begins the development of a new "National Shrine" that seems certain, as the years pass, to lure the foot of an increasing number of patriotic pilgrims visiting in Washington.

No decision has been made as to the disposition of the Dewey mausoleum in Arlington.

ton: one of the most dignified and impressive sepulchers in the great cemetery. Built on an eminence near the northeast corner of the old Lee estate, it faces almost directly across the river the great Lincoln Memorial, while to the left, across the swelling hills, stands the old Lee homestead, the fighting mast of the battleship Maine and the tomb of the Unknown Soldier.

MUCH has been said of late about the cost of "overhead." "Overhead" is blamed for the high price of everything we eat, wear or use. Materials don't cost so much, we are told, "but it's the overhead."

A striking example of this "overhead expense" is presented in the cost of putting a new aluminum tip on the steeple of the main building at Georgetown university. The aluminum tip cost \$175.

But the charge of the steeple-jack who put it in place was \$175!

CONGRESS abolished Washington's bathing beach, but gave the capital a first-class fishing pond in its place.

For several years a bathing beach, for white bathers, had been maintained on the tidal basin, in Potomac park. Then the colored citizens of the city demanded a beach where they, too, might disport themselves on hot summer days.

A beach across the basin was suggested and approved and work had actually started when loud protests arose. All sorts of reasons were given as to why the new beach should not be permitted and social and civic pressure was brought to bear on the powers that be.

As an essay way out, Congress, instead of approving the new beach, abolished the old. And now the basin is to be stocked with big mouth bass, bream, crappies and other game fish.

"Run Down?" You Should know--

Chiropractic Health Talk No. 208.
By H. V. McCully, D. C., Ph. C.

That there is a substantial reason for a run-down condition, and that easy relief is to be obtained. The reason lies in an improperly, or incompletely functioning nervous organism, due to interference with the nerves at the spinal column.

This is due to the fact that the spine, which carries the main trunk line of the nervous system is composed of twenty-four separate and movable bones. Under the stresses and strains of modern life, these bones occasionally move out of normal position.

Then they press upon nerves, and the organs served by such nerves suffer in consequence. The relief lies in our Spinal Adjustments, by means of which these bones are restored to their correct alignment, the pressure released, and cause removed.

UNCLE BEN SAYS:

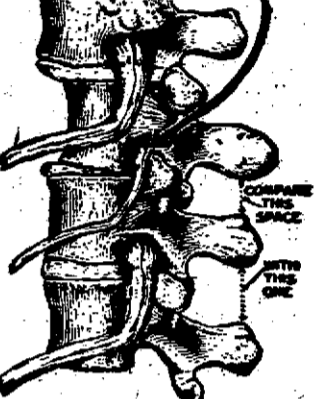

"The proof of the pudding, Nephew, is not in its eating but in its digestion."

Twenty Adjustments Brought Health

"I was nervous, had poor circulation, no endurance and was generally run down. For at least twenty years I had trouble keeping my hands and feet warm. I was surprised to find after twenty adjustments that I could drive in cold weather without gloves. I have more pep, endurance, and am not nervous, as I was. I am convinced from the adjustments received that pinched nerves caused trouble or pain in the organs they lead to, and really think a couple of adjustments each month would keep one full of red blood all the time."—C. Webster Sanborn, Chiropractic Research Bureau, Statement No. 2096-N.

Wills, Lenglen May Not Meet

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 6.—Many new faces were found in the championship gallery at the end of the most active indoor campaigns in many years. Many other new ones will be found before the end of a new and lively outdoor season. With a few outstanding exceptions there are no secure titles on the championships that are to be defended this summer.

Since weather drove the athletes indoors, there have been enthroned two new professional boxing champions, a new indoor track champion, a new mile champion, a new walking king and two new basketball champions.

Kid Kaplan became the world's featherweight champion by winning a tournament for contenders when Johnny Dundee resigned.

Charley Rosenberg won the world's bantamweight championship by defeating Eddie Martin in a fifteen-round bout.

Georgetown won the indoor intercollegiate track and field championship and displaced the University of Pennsylvania.

Joie Ray stepped down as the champion indoor mile runner when he was defeated by Paavo Nurmi, the greatest of all runners.

Willie Plant became the greatest of the world's walkers when he defeated Ugo Frigerio, the Olympic champion of 1920 and 1924.

Ohio State won the Western Conference basketball championship

and Princeton won the Eastern court title.

Mrs. Marion Zinderstein Jessup was one of the few successful defending champions when she repeated as the woman's indoor tennis titleholder.

Looking over the prospects for the outdoor season there seem to be a number of championships that may not change hands and many that are in danger.

Among the champions that appear to be secure are Jack Dempsey, Mickey Walker, Bill Tilden, Miss Helen Wills, the American Davis Cup team, Paavo Nurmi, Walter Hagen, the Washington Senators and the New York Giants.

Even though he has not been in the ring for almost two years, Jack Dempsey should pass through another season as the world's heavyweight champion, because there is very little chance that he will fight.

LADIES NIGHT POSTPONED

Due to the illness of several who were to have leading parts in the entertainment, the Knights Templar Ladies Night, scheduled for Monday night, April 13, has been postponed until next fall, it was announced today.

Such Is Fame

Fame is fleeting in baseball. Last fall Harold Lindstrom (shown above) was one of the outstanding stars on the New York Giants' roster in the world series games. At third base and at bat he was a near sensation. When the 1925 season opens Lindstrom, however, will be on the bench, an understudy to Heine Grob, the veteran.

WASHINGTON HIGH SCHOOL SUSPENDED UNTIL SEPT. 1

A. L. Trester, Secretary of Indiana Association, Announces Action Due to Violation

OUTSIDE AID FOR THE TEAM

(By United Press)

Anderson, Ind., April 6.—Suspension of the Washington high school from the Indiana high school athletic association until September 1, 1925, was announced today by A. L. Trester, permanent secretary of the association.

The suspension was for "violation of the spirit, if not the letter of the association's rules," in having an outside aid in coaching the school's team for the high school basketball finals, Trester said.

Burl Fiddle, Franklin college player, was in Washington for three days before the tourney, and aided in grooming the team for the meet, according to Trester.

The suspension will not affect plans of the city of Washington for building a new high school gymnasium as the high school will be back in the association by the time the basketball association opens next fall if it so desires, Trester said.

TO OPEN BIDS ON ROADS APRIL 21

One Half of Cost of Surfacing 143 Miles of State Roads to be Paid by Federal Government

88 MILES WILL BE PAVED

Projects Will Virtually Complete The Proposed 1925 Surfacing Program of Commission

Indianapolis, Ind., April 6.—The state highway commission will open bids April 21 on surfacing of 143 miles of state roads with stone, gravel, or pavement at a cost of \$3,100,000, John D. Williams, highway director, announced today.

One-half of the cost of the projects will be paid by the federal government.

Of the mileage 88 miles is to be paved and 55 miles is to be surfaced with stone or gravel.

The projects will virtually complete the proposed 1925 surfacing program of the commission with the exception of about twenty miles on state road two between Bedford and Bloomington, Williams said.

Further paving projects are planned by the commission for this year as a result of lower costs, he added. The locations of the paving projects are:

State road No. 10, Fowler to Kentland in Benton and Newton counties, 12.664 miles; from the Parke county line to Steam Corner in Fountain county, 6.215 miles; Vincennes to Hart's siding in Knox county, 4.779 miles; Hart's siding to two miles north of Oaktown in Knox and Sullivan counties, 8.862 miles; Oaktown to three miles south of Sullivan, 9.56 miles.

State road No. 25; Lincoln Highway to one mile east of the Laporte county line in Laporte and St. Joseph counties, 4.56 miles; one mile east of the Laporte county line to one mile west of South Bend in St. Joseph county, 9.541 miles.

State road No. 46; Churubusco to 1½ miles north of Merriam in Whitely and Noble counties, 8.43 miles; and 1½ miles north of Merriam to two miles south of Ligonier in Noble county, 11.276 miles.

State road No. 8 from 1 mile north of Crown Point to Gary, 5.775 miles.

State road No. 33 from the Illinois state line to 1½ miles west of Covington in Vermillion and Warren counties, 5.852 miles.

Bids were asked for either brick, bituminous concrete or concrete. The cement will be furnished by the commission.

AWARDED POSSESSION

A complaint for possession of real estate was heard this morning in Justice Stech's court, in the complaint of Ida M. Cartmell against Frank Butts and Paul Smith. The court awarded the plaintiff judgment, and the possession of a store room at Seventh and Arthur street was ordered turned over to the plaintiff by the defendants.

DOES YOUR BACK ACHE?
Bad Backs Bring Suffering to Many Rushville Folks

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells, and urinary disorders, feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Rushville folks.

Miss M. A. Gore, 226 E. Third St. Rushville, says: "Bearing down pains in my back taxed my strength. Housework was burdensome on account of the constant pain across my kidneys. Spots often blurred my sight and I suffered with dizziness, too. I felt tired and all worn out and my kidneys acted too freely, so I used Doan's Pills, and they cured me entirely."

FASHION SAYS "NO" TO NUDE STOCKINGS

By HEDDA HOYT
(United Press Fashion Editor)
New York, April 6—Mildly this year is not a bit shocking. She's gone and discarded the "a la mode" stocking.

Nude colored hosiery which made legs look like merely legs have departed. One breathes a sigh of relief, knowing well that once Dame Fashion has passed the death knell on a thing it is gone beyond recall. No longer shall we see pink stockings that look as though they were filled by Santa Claus rather than by good old Nature, prancing up our streets. While the pink stocking in itself was perfectly all right, it became a hideous thing when pressed into service.

Recent shades, while light in tone, do not give the impression of bareness. Such shades are beige, sandalwood, grays, gravel, reindeer, cinnamon, zinc and russet are those most popular. Gunmetal is worn by many women who realize that they are more becoming than lighter shades for street wear. Of course, flesh tones are still worn for evening which is the only appropriate time for them to be worn. Never than flesh, however, are silver gray, sunset, pale mauve and very pale golds which are worn with the silver or gold slipper.

Since many Spring shoes are of light colored shades and leathers, stockings match the shoe rather than contrast with it. Where the black patent shoe is trimmed with light colored leather, hosiery matches the trimming rather than the shoe itself.

Sports hosiery may be as colorful and full of design as one wishes. There are "barker stripe" woollens in the most brilliant of shades worn at Palm Beach at present and while these make the leg appear almost shapeless, they are popular for beach wear. Plaid hose are also among the popular sportgear.

Rolled stocking have become so generally worn that the half stocking which comes almost to the knee will undoubtedly be popular this summer. It is not unusual to see middle aged women wearing rolled stockings in New York. One wonders if they are worn for comfort or for the purpose of displaying the cunning little garters which are so popular. Flappers match their garters with the shade of their frock and always these garters are the most exquisite things! There are some of bright ribbon with black lace finishing the lower edge and a tiny black satin bow in front. Others of plain ribbon in pastel shade have ribbon flowers forming a band about them. Perhaps the newest are those of blond silk lace with rather large round medallions of lace in front.

Handkerchiefs are also growing more ornate, until now one has two sets of them, one set of which is merely to look at and not to be used. These cobweb affairs are very lovely and add materially to one's ensemble, since they always carry out some idea of color used on one's costume. Among the newest are little squares of colored georgette edged with gold or silver lace. Orange georgette or chiffon edged in gold and pale green edged in silver are pretty examples.

Bowknots of rhinestones or rhinestone and pearl combinations are the latest thing shown at the Jewelry counters. Smaller types are worn on simple hats, even being worn on felt. One sees a plain felt turned into an evening hat by the mere appendage of a rhinestone ornament. Larger bowknots with pendants of pearls are worn on the left shoulder of the dinner or dance frock replacing the corsage of flowers. Occasionally they are worn at the center back of the rounding or V-shaped neckline of the dance frock. Many younger girls prefer to wear a fetish of rhinestones. Almost every animal in the animal kingdom can be purchased in prices that are very reasonable. There are turtles, elephants, mules, lizards, crocodiles, dogs, cats, camels, etc.

Among the newer pearl necklaces are those with a single strand of large beads which terminate in three strands of gaudy beads in front. Where the three strands at-

COOLIDGE MAY HAVE TO DECIDE
Chapman's Federal Sentence Will Have to be Commuted

(By United Press)
Washington, April 6—President Coolidge may have to decide whether Gerald Chapman, convicted bandit goes to the gallows in Connecticut this summer for slaying a New Britain policeman.

Commutation by the president of Chapman's 20-year federal sentence for robbing the mails was informally suggested at the justice department today as the way in which the government may solve the problem of whether to surrender Chapman to the Connecticut authorities for hanging or to reclaim him to serve out his sentence.

Legal technicalities would thus be avoided with the sentence commuted to expire at once, the way would be opened for the death sentence to be executed.

"On the Stroke of Three"
Built on a story of more than ordinary appeal, brilliantly directed by a cast of splendid talent, the first Associated Arts production, entitled "On the Stroke of Three," is one of the best pictures which Hollywood has turned out in recent months. The story, which deals with the homely, interesting life of the simple mountain folk in Ashluna Valley, as well as with the social whirl of New York's wealthiest set, is an adaptation of the novel, "The Man From Ashluna," by Henry Payson Dowst, and it has been scenarized by Phillip Lonergan without losing any of the charm and punch of the original. "On the Stroke of Three" will have its first showing in this city today and Tuesday, when it opens for a two day engagement at the Castle theatre.

The entire racing sequence was filmed at the famous 250-mile international auto classic at the Altoona Speedway last June, which was the cynosure of all racing enthusiasts. Pictured in these scenes the racing fan will view these speed spooks going at the phenomenal rate of 114 1-2 miles per hour, a new world's speed record. Every bit of the race was filmed so that when "The Speed Spook" is thrown on the screen of the Princess its patrons will be able to view one of the greatest automobile races in the history of the sport.

Johnny Hines, the dynamic star and featured player of "The Speed Spook," will be seen in the race, driving along with the best of them.

WHY ENVY a clear, lovable complexion? Why wish and hope? It is within your reach! There is always one quick and sure way to make your complexion free from all eruptions, pimples, blackheads, boils and that impossible muddiness. That is by building up your red-blood-cells. S.S.S. will do it for you! Because S.S.S. does build red-blood-cells, it cleanses the system and makes those so-called skin disorders impossible to exist. S.S.S. contains only pure vegetable medicinal ingredients. It is also a remarkable builder of firm flesh, which is also important to beauty. It will fill out your hollow cheeks, put the "ruby" of health in your cheeks and the sparkle in your eyes. Since 1826 S.S.S. has been beautifying complexions and giving women physical charm. This is why S.S.S. is accepted as the greatest of all blood cleansers and body builders. Begin taking S.S.S. today and give yourself what you have been looking for, for years.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

IS FIRST TO TAKE ADVANTAGE OF LAW

Indiana Wheat Growers Association
Files New Articles Under Cooperative Marketing Act

OTHERS PLAN SAME STEP

Canning Crops Exchange, Dairy Products Association and Onion Exchange to do Likewise

Indianapolis, Ind., April 3—The Indiana Wheat Growers' Association organized in 1924 by the Indiana Farm Bureau Federation will be the first Indiana cooperative marketing association to take advantage of the cooperative marketing law enacted by the 1925 legislature it was announced at federation headquarters today.

New articles of incorporation of the Wheat Growers' association have been filed with the secretary of state pursuant to resolutions adopted by the board of directors of the association at a recent meeting.

Under the terms of the contracts signed by growers, the board is authorized to reincorporate without further action on the part of the membership.

Other farm bureau cooperative associations that are preparing to take advantage of the new law are the Indiana Canning Crops Exchange, the several local dairy products associations, the Indiana Farm Bureau Onion Growers' exchange and the wool growers.

In some cases, the vote of the majority of the membership is necessary to authorize re-incorporation; in others only the board of directors is required to act, under the terms of the growers' contracts.

The dairy producers will not incorporate under the new law until the various local associations have been organized into a state exchange, according to federation officials. The exchange is to be called the Dairy Producers' Exchange.

Plans for organization of this statewide association are now in contemplation.

Steps were taken recently by the wool growers to form a statewide association which is to be incorporated under the cooperative marketing law. Wool growers in Indiana which now sell their products co-operatively operate in conjunction with those of Ohio and Michigan.

According to plans the wool grower would continue to cooperate with those of the other states until a large enough membership is obtained it was stated.

The Canning Crops exchange already has been set up and is now operating. The question of reincorporating under the new law will be taken up later.

Members are likely to take advantage of the new law also, it was predicted.

NOT GUILTY, PLEA OF STATE HIGHWAY MEN

John D. Williams, Director, Earl Crawford and Four Others Arraigned on Embezzlement Charge

TRIAL WILL BE HELD SOON

Pleas of not guilty were entered in criminal court today by John D. Williams, director of the state highway commission, Earl Crawford, commission member and four others when arraigned on indictments charging them with embezzlement.

The charges grew out of disposal of surplus war materials by the highway commission. Other defendants arraigned with Williams and Crawford were Moses and Victor Goldberg, dealers in used war materials, George Bartley, former superintendent of the state highway garage, and William Whaley, a former employee of the Goldberg.

Following the pleas of not guilty, Prosecutor Remy announced the case will go to trial in May or June.

Alleged irregularities in the sale of war materials turned over to the commission three years ago by the war department at Washington are the basis of the ten indictments against the men.

HIRAN KRAMER IS STRUCK BY AUTO

Continued from Page One
head was cut and bruised. He was able to be removed to his home, and unless internal complications arise, he will recover.

The driver of the machine was held to be blameless, and police today called attention to the fact that many people walk between cars that are parked, and are frequently in danger of stepping directly into the path of other cars.

The accident Saturday night attracted a large crowd quickly and the streets were congested until the injured man was removed to the hospital.

FOURTH FATALITY IN EVERGLADES TORNADO

Cyclone Cuts Swath 200 Yards
Wide in Florida Late Sunday,
Causing Heavy Damage

TWO IN ONE FAMILY KILLED

Miami, Fla., April 6—The fourth fatality of the Florida tornado occurred today when Mrs. Simpson died in the hospital from injuries.

Three others were killed and over a score injured late Sunday when the twister swooped from the Everglades and did heavy property damage before it swept on into the Atlantic.

The tornado cut a 200 yard swath from the Everglades to the ocean and search was going on in the ruins of 75 dwellings for possible additional casualties.

The death of Mrs. Simpson is the second in her family, her 8 year old son John having been decapitated by the storm which caught him, his mother and sister near their home in Westwood Inn. The Inn and the White Belt Dairy were demolished.

PLAY FOR TORNADO RELIEF

The Jackson township Farm bureau will hold a meeting Tuesday evening at 7:30 o'clock at the Jackson township school building and all the members are urged to attend. At this time the Noble township farm bureau will give a play entitled "Hinky Doodle Town," and the proceeds will be used for the tornado relief sufferers.

"A GROCERY STORE WITH A HEART"

That is what a gentleman said about our store a few days ago. If we have earned that compliment it is only the result of our 20 years efforts to please our customers. We are interested in our customers because they are our neighbors. We are interested in Rushville and its development because it is our home. When you come to our store you can't distinguish the proprietor from the clerks, and you get that personal contact that is only possible in a first class service store.

BARGAINS ARE ALWAYS ADVERTISED

"If I had only known--"

TWO women went out to buy a certain expensive labor-saving device for the home.

One was greatly disappointed when, a few days later, they compared notes. She had bought the same product that many of her friends had owned.

The other woman had secured a greatly improved new product — costing less, but of much more value.

"If I had only known there was a better one," the first woman said, "I would never have bought this old one."

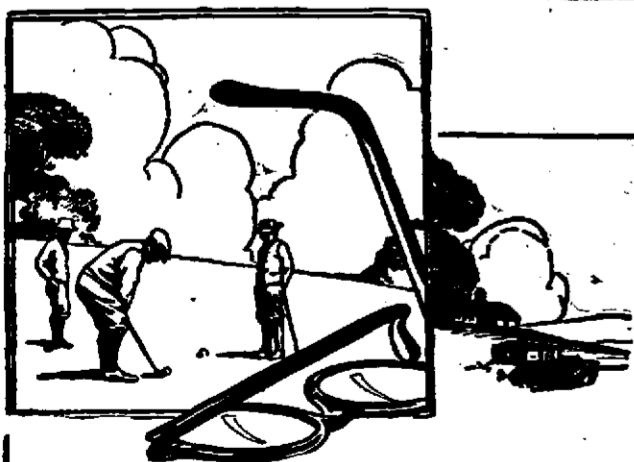

"I had just read about it in an advertisement," explained the wise buyer.

Every day you miss good news of an improvement in different articles of merchandise — unless you read the advertisements. They tell you of practically every worth-while invention — of every progress from the old to the new.

Read the advertisements — regularly every evening. Know all about the thing you are going to buy before you buy it. It will save you disappointment, money and time.
